Ingram Micro Appoints New General Manager of Data Capture/Point-of-Sale Division

All-in-one POS, AIDC and RFID technology solutions distributor names Justin Scopaz general manager of fast-growing Division

CARLSBAD, Calif., Oct. 6 /PRNewswire/ -- Ingram Micro Inc. (NYSE: IM) today announced it has appointed Justin Scopaz to General Manager and Data Capture/POS vice president of Ingram Micro's Data Capture/Point-of-Sale (POS) Division.

In this new role, Scopaz will replace John Soumbasakis as general manager of Ingram Micro's successful Data Capture/POS Division and take on the day-to-day responsibility of leading the Division's team and executing against its core growth initiatives. Scopaz will report directly to Soumbasakis who was recently named senior vice president and general manager of Strategic Divisions for Ingram Micro North America.

"Justin's drive for excellence and continued leadership within our team and among our partners has played a critical role in the growth, culture and performance of this fast-growing Division," says Soumbasakis. "We're pleased to have Justin lead this team and build upon the growing success of our associates and partners."

Scopaz joined the Data Capture/POS Division in late 2004. Prior to being named general manager and Data Capture/POS vice president, Scopaz oversaw the Division's vendor management and marketing teams. He is credited with successfully executing against the company's growth initiatives and orchestrating a strong team that has worked together over the years to forge and build several strategic partnerships with leading and emerging manufacturer partners within the Data Capture/POS space.

"Ingram Micro's Data Capture/POS Division has experienced record-setting year-over-year growth thanks to the hard work and dedication of Justin and our entire team," concludes Soumbasakis. "In just a short time, we've become one of the IT industry's top channel partners for sourcing all-in-one POS, AIDC and RFID technology solutions. That's an accomplishment that we all take great pride in and share with our solution provider and vendor partners."
