Ingram Micro Cloud Expands Global Services Portfolio and Program, Offers Greater Flexibility and Business Value With New Platform

Leading Cloud Services Aggregator and Provider Unveils New Services, Programs and Platform at Ingram Micro's Cloud Summit 2014 #IMCloud2014

SANTA ANA, CA -- (Marketwired) -- 04/08/14 -- Ingram Micro Cloud, a global division of Ingram Micro Inc. (NYSE: IM), today announced several new cloud services and solutions, as well as an expanded cloud channel program and its new, global Cloud Marketplace powered by Parallels software. The news was met with applause from the more than 900 attendees at its annual Ingram Micro Cloud Summit taking place this week in Hollywood, Fla.

Recognized as the largest cloud event in the IT channel, the Ingram Micro Cloud Summit 2014 marks the debut of Ingram Micro Hosted Exchange, Ingram Micro Virtual Private Server and Ingram Micro Web Hosting, as well as a portfolio of "white glove" services. Ingram Micro Cloud also added several cloud services from IT leaders and software innovators including 365 Main, Charter, Logix, Skykick, Softlayer and SurePayroll. A complete list of Ingram Micro Cloud vendors and cloud solutions can be found at IngramMicroCloud.com.

As a leading cloud services aggregator and provider, Ingram Micro is constantly innovating and bringing to market new solutions, services, programs and resources that will simplify success for its channel partners worldwide. The distributor's growing portfolio of cloud services and solutions, combined with its new Cloud Marketplace, channel programs and "white glove" services and expertise gained from its SoftCom acquisition will clearly differentiate Ingram Micro Cloud and help deliver greater choice and business value to its channel partners.

About Ingram Micro Cloud Marketplace

The Ingram Micro Cloud Marketplace will serve as a transactional online marketplace for channel partners and IT professionals to educate themselves, browse, buy, deploy and manage a comprehensive suite of cloud services with ease and efficiency directly from Ingram Micro. Under the new worldwide organization, Ingram Micro is adopting a global platform powered by Parallels that is built to enhance the Cloud Marketplace's capabilities

and support a much broader and deeper portfolio of cloud management services and solutions.

About Ingram Micro Inc.
Ingram Micro is the world's largest wholesale technology distributor and a global leader in IT supply-chain and mobile device lifecycle services. As a vital link in the technology value chain, Ingram Micro creates sales and profitability opportunities for vendors and resellers through unique marketing programs, outsourced logistics and mobile solutions, technical support, financial services and product aggregation and distribution. The company is the only global broad-based IT distributor, serving approximately 170 countries on six continents with the world's most comprehensive portfolio of IT products and services.
