Helios Technologies Announces Second Quarter 2020 Financial Results Release and Conference Call

SARASOTA, Fla.--(BUSINESS WIRE)-- Helios Technologies (Nasdaq: HLIO), a global industrial technology leader that develops and manufactures solutions for both the hydraulics and electronics markets, announced today that it will release its second quarter 2020 financial results after the close of financial markets on Monday, August 3, 2020.

Josef Matosevic, President and Chief Executive Officer, and Tricia Fulton, Chief Financial Officer, will host a conference call and webcast the following day to review the Company's financial and operating results, and discuss its corporate strategies and outlook. A question-and-answer session will follow. Participants will have the ability to ask questions on either the teleconference call or the webcast.

Second Quarter 2020 Financial Results Conference Call

Tuesday, August 4, 2020
9:00 a.m. Eastern Time
Phone: (201) 689-8573
Internet webcast and accompanying slide presentation: www.heliostechnologies.com.

A telephonic replay will be available from 12:00 p.m. ET on the day of the call through Tuesday, August 11, 2020. To listen to the archived call, dial (412) 317-6671 and enter conference ID number 13705886. The webcast replay will be available in the investor relations section of the Company's website at www.heliostechnologies.com, where a transcript will also be posted once available.

About Helios Technologies

Helios Technologies is a global industrial technology leader that develops and manufactures hydraulic and electronic control solutions for diverse markets. The Company operates in two business segments, Hydraulics and Electronics. The Hydraulics segment markets and sells products globally under the brands of Sun Hydraulics in relation to cartridge valve technology, Custom Fluidpower with regard to hydraulic system design and Faster in connection with quick release coupling solutions. Global Electronics brands include Enovation Controls and Murphy for fully-tailored solutions with a broad range of rugged and reliable instruments such as displays, controls and instrumentation products. Helios Technologies and information about its associated companies is available online at www.heliostechnologies.com.
