Third Fiscal Quarter 2019 Highlights:

- **Portfolio Activity:** Invested \$58.0 million in five new portfolio companies and \$1.2

million in existing portfolio companies. Received \$41.2 million in repayments, including the \$30.0 million payoff of our investment in IA Tech, LLC, at par.

- **Investment Income:** Received \$1.7 million in prepayment and other fee income, representing a 21.3% increase over the prior quarter and lifting total investment income to a record \$12.9 million.
- **Equity Issuance:** Issued 939,015 shares of common stock at a weighted-average price of \$9.34 per share, or 113% of NAV, through our at-the-market program generating net proceeds of \$8.6 million.
- **Distributions and Dividends:** Maintained our monthly common stock distribution of \$0.07 per share and monthly preferred stock dividend of \$0.125 per share on the Company's 6.00% Series 2024 Term Preferred Stock.

Third Fiscal Quarter 2019 Results:

Interest income increased by \$0.1 million, or 0.5%, due to a \$4.3 million increase in the weighted average principal balance of our interest-bearing portfolio, partially offset by the decrease in the weighted average yield quarter over quarter. Other income increased by \$0.3 million, or 21.3%, quarter over quarter, primarily driven by prepayment fees received associated with the exit of IA Tech, LLC. Total expenses increased by 2.6% period over period, primarily due to an increase in incentive fees due to higher pre-incentive fee net investment income.

Net Investment Income for the quarter ended June 30, 2019 was \$6.2 million, an increase of 3.3% as compared to the prior quarter, or \$0.21 per share.

The Net Increase in Net Assets Resulting from Operations for the quarter ended June 30, 2019 was \$8.9 million, or \$0.30 per share, compared to a net increase of \$9.3 million, or \$0.33 per share for the quarter ended March 31, 2019. The current quarter increase was primarily due to \$3.6 million of net unrealized appreciation of investments, partially offset by an \$0.8 million net realized loss on investments.

Subsequent Events: Subsequent to June 30, 2019, the following significant events occurred:

- **Portfolio Activity:**
 - In July 2019, our debt investment in PIC 360, LLC was repaid at par for net proceeds of \$2.6 million.
 - In August 2019, we invested an additional \$5.0 million in Sea Link International IRB, Inc, an existing portfolio company, through secured second lien debt.
- **Distributions and Dividends Declared:** In July 2019, our Board of Directors declared the following monthly distributions to common stockholders and monthly dividends to preferred shareholders:

<u>Record Date</u>	<u>Payment Date</u>	<u>Distribution per Common Share</u>	<u>Distribution per Series 2024 Term Preferred Share</u>

Comments from Gladstone Capital’s President, Bob Marcotte: “We entered the quarter well prepared for the elevated level of prepayment activity we experienced which allowed us to increase our assets and net interest income for the period while higher prepayment and other fee income drove much of the investment income increase for the quarter. Notwithstanding the competitive market conditions for senior debt, we are continuing to outpace prepayments and prudently grow our investment portfolio. In the near term we will continue to focus our efforts on deploying our approximate \$75 million of incremental investment capacity to grow our core net interest earnings and enhance the returns to our shareholders.”
