Cryoport Signs New Supply Chain Solutions Agreement with Boston IVF to Support Reproductive Material Shipments Across the U.S.

NASHVILLE, Tenn., April 25, 2023 /PRNewswire/ -- [Cryoport, Inc.](#) (NASDAQ: CYRX) ("Cryoport" or the "Company"), a leading global provider of innovative temperature-controlled supply chain solutions for the life sciences, reproductive medicine and animal health industries, today announced that it has signed a new three-year agreement with [Boston IVF](#), a pioneer in reproductive healthcare and innovative research and one of the world's most experienced fertility treatment providers.

Utilizing Cryoport's end-to-end supply chain solutions, Boston IVF will now have the ability to integrate its regional and satellite labs across Massachusetts, New Hampshire, Maine, Rhode Island, New York and Indiana, along with its partner sites in Delaware, Ohio, Idaho, Utah and North Carolina. Cryoport's platform will improve the overall efficiency of Boston IVF's reproductive material shipments and ensure significant risk mitigation for patients and families entrusting Boston IVF with their care.

"Boston IVF is a widely recognized leader for reproductive medicine, having supported more than 150,000 babies born since 1986 while achieving some of the highest IVF success rates in the country," said Jerrell Shelton, CEO of Cryoport. "As we seek to provide more patients with peace of mind that their reproductive materials are being handled safely and securely, we're proud to partner with a team that is equally committed to delivering the best outcomes and experiences for their patients."

"Inside our clinics, our physicians are among the best in treating infertility and have affiliations with the Beth Israel Deaconess Medical Center and Harvard Medical School," said David Stern, CEO of Boston IVF. "We're always looking for ways to ensure exceptional

patient care from start to finish in each fertility journey, and this includes the vital logistical component outside of the clinic. Cryoport's cutting-edge technology and nonstop monitoring simplify the entire supply chain process by ensuring that patients' reproductive materials are safe every step of the way."

About Cryoport, Inc

Cryoport, Inc. (Nasdaq: CYRX), is a global leader in temperature-controlled supply chain solutions for the life sciences industry supporting life-saving cell and gene therapies across the research, clinical and commercial spectrum. With 48 strategic locations covering the Americas, EMEA (Europe, the Middle East and Africa) and APAC (Asia Pacific), Cryoport's global platform provides mission-critical solutions, services, and products to the biopharma/pharma, animal health, and reproductive medicine markets worldwide. In addition to its standard setting supply chain solutions, Cryoport is the world's largest manufacturer of cryogenic systems and one of the largest life science focused specialty couriers.

About Boston IVF

Boston IVF is one of the largest and most experienced fertility networks in the United States, with more than 150,000 babies born since 1986. Founded as one of the nation's first private practice IVF centers, the Boston IVF network has grown to include over 30 reproductive endocrinologists across 30 centers throughout Massachusetts, Maine, New Hampshire, New York, Idaho, Indiana, Ohio, Rhode Island, North Carolina, Delaware and Utah. A renowned innovator of reproductive technologies, advanced protocols, and cutting-edge research, Boston IVF has achieved numerous "firsts" in the field of reproductive care. Its scientific and research arm continues to pave the way for breakthroughs in fertility care and its accredited REI Fellowship Program has graduated numerous reproductive endocrinologists as part of its mission to train the next generation of fertility experts. In 2019, this leading provider of fertility services in the United States was acquired by Eugin, one of the largest IVF networks in the world, with centers throughout Europe and South America.
