Huntsman Pre-Announces Estimate of Third Quarter Hurricane Impact

THE WOODLANDS, Texas, Oct. 23 /PRNewswire-FirstCall/ -- Huntsman Corporation (NYSE: HUN) today announced that during the third quarter 2008 it incurred an estimated \$49 million of costs and lost profit margin as a result of hurricanes Gustav and Ike. Absent the hurricane impact, the company expects its Adjusted EBITDA for the third quarter 2008 to be greater than the second quarter 2008 and similar to the third quarter 2007.

Peter Huntsman, President and CEO, stated, "Despite the financial impact caused by the hurricanes in the third quarter, I am pleased that our associates are safe and that the damage was less than we might have otherwise expected given the storm's severity. Although the affected plants are insured for both physical damage and business interruption, our current estimated impact is within the insurance deductibles for each location, so an insurance claim is not anticipated. The impacted plants are now back up and running and we will continue to work with our customers as we return to normal operating levels."

Huntsman plants affected by the hurricanes were:

- Geismar, LA: MDI, Nitrobenzene, Aniline and Polyols;
- Chocolate Bayou, TX: which produces Alkylates (LAB and related products);
- Port Neches, TX: Ethylene, EO, EG, PO, PG, MTBE, Ethanolamines, Morpholine/DGA and Surfactants, PEGs;
- Freeport, TX: Ethyleneamines;
- Dayton, TX: Surfactants, PEGs and Blends;
- Conroe, TX: Specialty Amines, Carbonates, Urethane Catalysts, and Surfactants.

Huntsman Corporation will hold a conference call to discuss its third quarter 2008 financial results on Thursday, November 6, 2008 at 11:00 a.m. ET. Third quarter 2008 results will be released to the public prior to the market opening that day via PR Newswire.
