Huntsman Inaugurates New India Subcontinent Headquarters in Mumbai

MUMBAI, India, Nov. 4, 2014 /PRNewswire/ -- Huntsman Corporation (NYSE: HUN) today inaugurated its new India corporate office, in Andheri, Mumbai. The 220,000 square foot, seven story building will initially house some 300 Huntsman associates, including over 100 technical staff spread across three floors of state-of-the-art laboratory and research facilities.

The ceremony was led by Peter R. Huntsman, President and Chief Executive of the Huntsman Corporation, and was attended by Huntsman officers, associates, customers, suppliers and other key stakeholders.

Commenting on the importance of the new headquarters to Huntsman's ambitions in the Indian subcontinent, Peter R. Huntsman said "This opening is an important milestone in our continued growth and commitment to the Indian market. Our family and employees have been building a business in the Indian subcontinent for over 25 years and today enjoy a strong, profitable and growing organization in excess of \$500 million. Our continued success will depend on the quality and creativity of our local associates and this site will enable better technical, customer service, and development opportunities going forward. Many of our products and innovations are unique to the subcontinent's needs. We look forward to seeing continued growth as this market expands."

Paul Hulme, Huntsman Senior Corporate Officer for the region, said "We are looking forward to welcoming customers, suppliers and other business partners to the new premises. I am confident that the investment we have made in facilities and people will stand us in good stead for many years as we continue to develop strong strategic partnerships with our customers and continue to grow our business across all five of Huntsman's business divisions."

Huntsman has sales of approximately \$500 million in the subcontinent, and has more than 1,000 associates based in the region. It has manufacturing facilities in Baroda and Ankleshwar in Gujarat, manufacturing textile chemicals and dyes and surfactants, and in Pune, manufacturing polyurethane systems.
