

COPT Reports Second Quarter 2017 Results

COLUMBIA, Md.--(BUSINESS WIRE)-- Corporate Office Properties Trust (“COPT” or the “Company”) (NYSE: OFC) announced financial and operating results for the second quarter ended June 30, 2017.

Management Comments

“Our FFO per share, as adjusted for comparability, in the second quarter of \$0.49 was at the high end of our guidance due primarily to the timing of certain operating expenses that boosted same office NOI. We have strong visibility on the remaining quarters and, are narrowing our guidance for the full year but maintaining the original mid-point of \$2.04. Our second quarter same office cash NOI increase of 2.6% represents our ninth consecutive quarter of increases, and equates to 3.8% growth for the first half of the year,” stated Stephen E. Budorick, COPT’s President & Chief Executive Officer.

“In May, the fiscal 2017 federal budget was signed into law, giving the Department of Defense (“DOD”) a base discretionary budget (“Base Budget”) of \$532 billion, a 2% increase over 2016’s Base Budget. The Administration’s Base Budget request for fiscal 2018 of \$575 billion would represent an 8% increase over the current year and is slightly higher than the defense industry expectations for average annual growth of 5% through 2021. By unanimous and nearly unanimous votes, the Senate and the House Armed Services Committees, respectively, recommended substantial increases to the DOD’s Base Budget beyond the Administration’s requested level, which evidences bipartisan support for such growth. Given our portfolio’s unique geographic alignment with DOD spending priorities, we believe we are well positioned to benefit from incremental space requirements related to mission growth at our Defense/IT installations,” added Mr. Budorick.
