Westell Technologies to Showcase the Industry's Most Flexible and Intelligent Cabinet Solutions at OSP EXPO® 2015

Supporting CAF for broadband build-out to millions of Americans

AURORA, Ill.--(BUSINESS WIRE)-- [Westell Technologies, Inc.](http://www.westell.com) (NASDAQ: WSTL), a leading provider of in-building wireless, intelligent site management, cell site optimization, and outside plant solutions announces that it will be exhibiting at [OSP EXPO 2015](http://www.ospexpo.com) on September 2-3 at the Colorado Convention Center in Denver, Colorado. During the event, Westell will showcase its fully integrated cabinets, featuring intelligent site management, at **Booth 633**.

"We've provided thousands of cabinet solutions for prominent carriers, tower operators, and utilities and enterprise customers among others, in the last year alone," explains Thomas Gruenwald, President and CEO of Westell Technologies. "Our fully integrated cabinets are optimized for the Connect America Fund (CAF) build-out, a program in which we are thrilled to take part both from a long-term business standpoint and as a way to help advance broadband access nationally. Our unique ability to provide **completely customizable and vendor-agnostic solutions** enables Westell to provide the ideal enclosure to our many partners for CAF deployments. We're looking forward to discussing this more at the expo."

In addition to exhibiting at the event, Westell is a sponsor of the OSP TV 5 IN 5 program (5 questions in 5 minutes). The sponsorship features a live professional video interview from the show floor – a new and fun way for exhibitors to showcase company and product news in a professional video format. Westell is also a featured sponsor of the CenturyLink TechForum LIVE Denver Event on September 1-2, hosted by Greg Edmondson, Vice President, Engineering & Construction, Mountain West Region. This invite-only event will take place at the Colorado Convention Center and run concurrently with OSP EXPO 2015.

The OSP Expo event will bring together OSP from ICT providers, large and small, by delivering the latest OSP technologies. Highlights include 35+ FREE regular and advanced seminars offering attendees the opportunity to receive continuing education credits, workshops and demos, industry keynotes from CenturyLink and Level 3 Communications, and more than 200 vendors showcasing the latest in cutting-edge products and service solutions.

Westell will also highlight the following products during OSP EXPO: [intelligent site management](#), [power distribution](#) and [copper fiber management](#). To schedule a meeting at the event, email Jennifer Davis, Director of Marketing and Communications: marketing@westell.com
