Certain statements in this press release may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including, but not limited to, statements relating to the proposed offering and intended use of proceeds. These statements are based on management's current expectations and beliefs and are subject to a number of trends and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements, many of which are beyond our control. The Company can give no assurance that its expectations will be attained. Factors that could cause actual results to differ materially from the Company's expectations include, but are not limited to, the risk that market conditions cause downgrades of a significant number of our securities or the recording of additional impairment charges or reductions in shareholders' equity; the risk that we can find additional suitably priced investments; the risk that investments made or committed to be made cannot be financed on the basis and for the term at which we expect; the relationship between yields on assets which are paid off and yields on assets in which such monies can be reinvested; actual recapture rates with respect to any excess mortgage servicing rights investment; and the relative spreads between the yield on the assets we invest in and the cost and availability of debt and equity financing. Accordingly, you should not place undue reliance on any forward-looking statements contained in this press release. For a discussion of some of the risks and important factors that could affect such forward-looking statements, see the sections entitled "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operation" in the Company's Annual Report on Form 10-K or Quarterly Report on Form 10-Q, as filed with the Securities and Exchange Commission.
