Marathon's Chief Financial Officer, Sim Salzman, commented, "We are pleased to announce sizeable year over year revenue growth of 160% and 89% respectively in the three and nine-month periods. During the quarter, the Company was able to enter into favorable purchase agreements with Bitmain that allowed for the material improvement in its current and future financial position. We look forward to continuing our aggressive growth trajectory, while taking advantage of recently executed long term agreements with fixed pricing regardless of

increased bitcoin pricing.”

Recent Operational Highlights

- Completed \$6.9 Million upsized underwritten public offering of common stock
- Purchased 700 next generation M31S+ ASIC Miners
- Entered into a long-term purchase contract with Bitmain for the purchase of 10,500 next generation Antminer S-19 Pro ASIC Miners
- Engaged Gateway to lead expanded investor relations program
- Entered into joint venture with Beowulf Energy for 105-Megawatt bitcoin mining data center
- Named Simeon Salzman as Chief Financial Officer
- Purchased an additional 10,000 next generation Antminer S-19 Pro ASIC Miners
- Materially strengthened balance sheet

Merrick Okamoto, Chief Executive Officer, stated, “Our third quarter represents the single most productive quarter in company history and since I took over the CEO role. While we reported record quarterly mining revenues, the majority of the fundamental improvements made to our business in the quarter are not represented in the current filing.

“With only 2,060 miners in operation in September when Bitcoin was trading at \$10,000, the company generated \$650,000 in Bitcoin revenue, our largest quarterly Bitcoin revenue in history. By the end of the 2nd quarter in 2021, we will have 23,560 miners deployed which equates to a greater than 1100% increase in mining capacity. At current Bitcoin prices, our deployment of new miners has the potential to produce more than an 11 fold increase in our monthly revenue as compared to our September 2020 revenue production.”
