Disclaimer

This presentation ("Presentation") is qualified in its entirety by reference to, and must be read in conjunction with, the information contained in our Annual Information Form dated May 30, 2023 (the "AIF"), as well as in latest financial statements available under our profile on SEDAR+ at www.sedarplus.ca, together with the notes thereto and, as applicable, the auditor’s report thereon (collectively, the “Financial Statements”), as well as the corresponding management’s discussion and analysis (the “MD&A”). All references to “US$”, “$”, and “U.S. dollars” are to United States dollars and all references to “C$” are to Canadian dollars. Readers should not construe the contents of this Presentation as legal, tax, regulatory, financial or accounting advice. Coveo believes that the market, industry, customer and other data presented in this Presentation is reliable and, with respect to data prepared by Coveo or on its behalf, that Coveo’s estimates and assumptions are currently appropriate and reasonable, but there can be no assurance as to the accuracy or completeness thereof.

Forward-Looking Information

This Presentation contains “forward-looking information” and “forward-looking statements” within the meaning of applicable securities laws, including, as applicable, with respect to Coveo’s financial outlook on SaaS Subscription Revenue, Total Revenue, and Adjusted Operating Loss and expectations around achieving positive operating cash flow and the timing thereof (collectively, “forward-looking information”) within the meaning of applicable securities laws. Please refer to the “Forward-Looking Information” section of our latest earnings press release on file on SEDAR+ as of the date hereof for a cautionary statement regarding forward-looking information included in this Presentation. Such cautionary statement is deemed to be included by reference in this Presentation.

Non-IFRS Measures and Ratios

The information presented in this Presentation includes non-IFRS financial measures and ratios. These measures and ratios should not be considered in isolation nor as a substitute for analysis of Coveo’s financial information reported under IFRS. These measures and ratios are not recognized measures under IFRS and do not have a standardized meaning prescribed by IFRS and are therefore unlikely to be comparable to similar measures presented by other companies. Coveo believes the non-IFRS measures and ratios used in this Presentation provide its management and investors consistency and comparability with its past financial performance and facilitate period-to-period comparisons of operations, as they generally eliminate the effects of certain variables from period to period for reasons unrelated to overall operating performance. Please refer to the Appendix for details of the composition of, as applicable, Adjusted Operating Loss, Adjusted Gross Profit, Adjusted Product Gross Profit, Adjusted Professional Services Gross Profit, Adjusted Gross Margin, Adjusted Product Gross Margin, Adjusted Professional Services Gross Margin, Adjusted Sales and Marketing Expenses, Adjusted Research and Product Development Expenses, Adjusted General and Administrative Expenses, Adjusted Sales and Marketing Expenses (%), Adjusted Research and Product Development Expenses (%), SaaS Subscription Revenue at constant currency, total revenue at constant currency, SaaS Subscription Revenue growth at constant currency and total revenue growth at constant currency, as well as the reconciliations of such measures to the most directly comparable IFRS measure, where applicable.

Key Performance Indicators

This Presentation refers to, as applicable, SaaS Subscription Revenue, Current Remaining Performance Obligations, SaaS Annualized Contract Value, and Net Expansion Rate, which are operating metrics used in Coveo’s industry. Please refer to the “Definition of Key Performance Indicators” section of the Appendix for the definitions of the key performance indicators used throughout this Presentation.

Improving the customer experience by increasing agent proficiency

Over the past five years, our implementation of Coveo has, most critically, improved our customers’ support experience, contributed to an increase in engagement with our education offering, lifted our self-service rates, and contributed to an improvement in Xero’s gross margin. Our goal is to continually improve. We want to provide a better customer support experience today than we did yesterday – and this technology will help us do that.”
