Board of Directors of Westell Technologies, Inc. Approves Plan to Terminate Registration of Class A Common Stock

AURORA, Ill., July 10, 2020 (GLOBE NEWSWIRE) -- Westell Technologies, Inc. (NASDAQ:WSTL) today announced that a Special Committee of independent directors has recommended, and its Board of Directors has approved, a plan for a proposed transaction whereby the Company would effect a reverse/forward stock split of the Company's shares of Class A Common Stock and Class B Common Stock, in conjunction with terminating the Company's public company reporting obligations and delisting the Company's Class A Common Stock from the NASDAQ Capital Market. It is expected that this transaction would be effectuated late in the third quarter or early in the fourth quarter of calendar year 2020, subject to stockholders approving the proposed transaction at the Annual Meeting of Stockholders.

The Company is taking these steps to avoid the substantial cost and expense of being a public reporting company and to focus the Company's resources on enhancing long-term stockholder value.

The transaction includes a proposed 1-for-1,000 reverse stock split of the Class A Common Stock and Class B Common Stock, in which holders of less than 1,000 shares of the Company's common stock would be cashed out at a price of \$1.48 per share for their fractional shares. Such price represents a premium above the Class A Common Stock's closing price on July 6, 2020 and is supported by a fairness opinion by Emory & Co., LLC, whom the Special Committee engaged for such purpose. Stockholders owning 1,000 or more shares of the Company's Class A Common Stock or Class B Common Stock prior to the reverse stock split would remain stockholders in the Company. The number of shares they would own following the proposed transaction would be unchanged, as immediately after the reverse stock split a forward split of 1,000-for-1 would be applied to the continuing stockholders, negating any effects to them.

Subject to regulatory clearance of the Company's proxy statement to be filed relating to the proposed stock splits and stockholder approval thereof, it is anticipated that the proposed transaction would become effective shortly after the Annual Meeting of Stockholders, which is expected to be held in September 2020. The affirmative vote of the holders of a majority of the voting power of the Class A Common Stock and Class B Common Stock of the Company, voting together as a single class, represented in person or by proxy at the

meeting is required to approve the amendments to Company's certificate of incorporation necessary to effectuate the proposed transaction. The directors and executive officers have indicated that they intend to vote all of the shares of our common stock held by them (592,222 shares of Class A Common Stock and all shares of Class B Common Stock) "FOR" the transaction. As a result of this holding, the transaction is expected to be approved.

Promptly after the Annual Meeting, the Company expects to terminate the registration of its Class A Common Stock with the SEC and delist the Class A Common Stock from the NASDAQ Capital Market. As a result, at such time, (i) the Company would cease to file annual, quarterly, current and other reports and documents with the SEC, and stockholders would cease to receive annual reports and proxy statements, and (ii) the Company's Class A Common Stock would no longer be listed on the NASDAQ Capital Market.

If consummated, the proposed transaction would apply directly only to record holders of the Company's common stock. Persons who hold shares of common stock in "street name" are encouraged to contact their bank, broker or other nominee for information on how the proposed transaction may affect any shares of the Company's common stock held for their account.

The Board may also abandon the proposed transaction at any time prior to completion if it believes the proposed transaction is no longer in the best interests of the Company or its stockholders.
