Evolv Technology® and Pittsburgh Pirates Team up for Fan-Friendly Ballpark Security

Evolv Declared the Team's Official Fan Screening Provider

WALTHAM, Mass.--(BUSINESS WIRE)-- [Evolv Technology](#) (NASDAQ: EVLV), the leader in AI-based weapons detection security screening, today announced its partnership with the Pittsburgh Pirates, adding to the growing list of Pittsburgh venues partnering with Evolv to help keep people safe, including the [Pittsburgh Cultural Trust](#) and [Acrisure Stadium](#), home of the Pittsburgh Steelers.

When the Pirates opened the gates at PNC Park for the 2023 Major League Baseball season, all attending fans passed through Evolv's state-of-the-art [Evolv Express®](#) screening solution. Evolv Express uses powerful sensor technology with artificial intelligence (AI) to provide safer, more accurate threat detection at unprecedented volume and speed. Fans can now walk through without always having to stop or open bags, reducing long lines and allowing guests to make their way directly into the ballpark.

"What continues to make PNC Park so special, aside from the physical design, is the total fan experience. That begins from the moment they walk up to our gates," said Travis Williams, Pirates president. "The new Evolv system is a massive improvement over the former metal detector systems. In testing last year, the system is a game-changer for entry experience. Gone are the days of our fans lining up to wait to be screened, solving what has been a point of complaint in the past when talking with our fans."

The Pirates' home opener took place on Friday, April 7, against the Chicago White Sox. Pirates fans will now experience a seamless entry as they pass through Evolv's systems, which allow security personnel to differentiate between threats and the everyday objects people carry in their pockets and bags such as cell phone or keys.

"From its old-time ballpark feel to the amazing sightlines it offers as a backdrop, PNC Park is one of the most beautiful places to watch a game in all of sports," said John Baier, Evolv's vice president of sports. "We're proud to be a part of the amazing experience at PNC Park, helping to keep fans safer without sacrificing one bit of what makes going to a Pirates game so enjoyable."

The Pirates are part of a [growing roster of sports teams and facilities](#) partnering with Evolv to provide a safer fan experience. PNC Park joins venues coast to coast, from [SoFi Stadium](#) in Los Angeles, California, to [Gillette Stadium](#) in Foxboro, Massachusetts, using Evolv Express. More and more [schools](#), hospitals, theme parks, industrial work spaces and places of worship also continue to add Evolv systems into their layered approach to security to create safer, faster and better screening experiences for all.

About Evolv Technology

Evolv Technology (NASDAQ: EVLV) is transforming human security to make a safer, faster, and better experience for the world's most iconic venues and companies as well as schools, hospitals, and public spaces, using industry leading artificial intelligence (AI)-powered weapons detection and analytics. Its mission is to transform security to create a safer world to work, learn, and play. Evolv has digitally transformed the gateways in places where people gather by enabling seamless integration combined with powerful analytics and insights. Evolv's advanced systems have scanned more than 500 million people, second only to the Department of Homeland Security's Transportation Security Administration (TSA) in the United States. Evolv has been awarded the U.S. Department of Homeland Security (DHS) SAFETY Act Designation as a Qualified Anti-Terrorism Technology (QATT) as well as the Security Industry Association (SIA) New Products and Solutions (NPS) Award in the Law Enforcement/Public Safety/Guarding Systems category. Evolv Technology®, Evolv Express®, Evolv Insights®, and Evolv Cortex AI® are registered trademarks of Evolv Technologies, Inc. in the United States and other jurisdictions. Forward-looking Statements

Certain statements in this press release may constitute "forward-looking" statements and information, within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934, and the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995 that relate to our current expectations and views of future events. In some cases, these forward-looking statements can be identified by words or phrases such as "may," "will," "expect," "anticipate," "aim," "estimate," "intend," "plan," "believe," "potential," "continue," "is/are likely to" or other similar expressions. These forward-looking statements are subject to risks, uncertainties and assumptions, some of which are beyond our control. In addition, these forward-looking statements reflect our current views with respect to future events or our Company's performance and are not a guarantee of future performance. Actual outcomes may differ materially from the information contained in the forward-looking statements as a result of a number of factors, including, without limitation, the risk factors set forth in our Annual Report on Form 10-K for the year ended on December 31, 2022, that was filed with the SEC on March 24, 2023, as may be updated in other filings we make with the SEC. These statements reflect management's current expectations regarding future events and operating performance and speak only as of the date of this press release. You should not put undue reliance on any forward-looking statements. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee that future results, levels of activity, performance and events and circumstances reflected in the forward-looking statements will be achieved or will occur. Except as required by law, we undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise, after the date on which the statements are made or to reflect the occurrence of unanticipated events.
