## Forward-Looking Statements

This presentation contains “forward-looking statements” including statements with respect to the Company’s objectives, expectations and intentions and other statements that are not historical facts. Examples of forward-looking statements include but are not limited to: our future operating or financial performance, including revenues, expenses, expense savings, income or loss and earnings or loss per share, and other financial items; statements regarding expectations, plans or objectives for future operations, products or services, and our expectations on loan recoveries or reaching positive resolutions on problem loans. All statements other than statements of historical fact are statements that could be forward-looking statements. You can identify these forward-looking statements through our use of words such as “may,” “will,” “anticipate,” “assume,” “should,” “indicate,” “would,” “believe,” “contemplate,” “expect,” “estimate,” “continue,” “plan,” “point to,” “project,” “could,” “intend,” “target,” “goals,” “outlook,” “modeled,” “dedicated,” “create,” and other similar words and expressions of the future. Forward-looking statements, including those relating to our beliefs, plans, objectives, goals, expectations, anticipations, estimates and intentions, involve known and unknown risks, uncertainties and other factors, which may be beyond our control, and which may cause the Company’s actual results, performance, achievements, or financial condition to be materially different from future results, performance, achievements, or financial condition expressed or implied by such forward-looking statements. You should not rely on any forward-looking statements as predictions of future events. You should not expect us to update any forward-looking statements, except as required by law. All written or oral forward-looking statements attributable to us are expressly qualified in their entirety by this cautionary notice, together with those risks and uncertainties described in “Risk factors” in our annual report on Form 10-K for the fiscal year ended December 31, 2024 filed on March 5, 2025, and in our other filings with the U.S. Securities and Exchange Commission (the “SEC”), which are available at the SEC’s website [www.sec.gov](http://www.sec.gov).

## Interim Financial Information

Unaudited financial information as of and for interim periods, including the three month periods ended March 31, June 30 and September 30, 2025, and the three month period ended December 31, 2025, may not reflect our results of operations for our fiscal year ended, or financial condition as of December 31, 2025, or any other period of time or date.

## Non-GAAP Financial Measures

The Company supplements its financial results that are determined in accordance with accounting principles generally accepted in the United States of America (“GAAP”) with non-GAAP financial measures, such as “pre-provision net revenue (PPNR)”, “core pre-provision net revenue (Core PPNR)”, “core noninterest income”, “core noninterest expense”, “core net income”, “core earnings per share (basic and diluted)”, “core return on assets (Core ROA)”, “core return on equity (Core ROE)”, “core efficiency ratio”, “tangible common equity ratio”, and “tangible stockholders’ equity (book value) per common share”. This supplemental information is not required by, or is not presented in accordance with GAAP. The Company refers to these financial measures and ratios as “non-GAAP financial measures”. We use certain non-GAAP financial measures, including those mentioned above, both to explain our results to shareholders and the investment community and in the internal evaluation and management of our business. Management believes that these supplementary non-GAAP financial measures and the information they provide are useful to investors since these measures permit investors to view our performance using the same tools that our management uses to evaluate our past performance and prospects for future performance. While we believe that these non-GAAP financial measures are useful in evaluating our performance, this information should be considered as supplemental and not as a substitute for or superior to the related financial information prepared in accordance with GAAP. Additionally, these non-GAAP financial measures may differ from similar measures presented by other companies. Appendix 1 reconciles these non-GAAP financial measures to reported results.

# Company Updates

# Recent Developments

## Executive Transition

- ▶ Accelerating progress of our strategy under new leadership
  - Carlos lafigliola was named Interim CEO and Director in November 2025, after serving as COO. Carlos has 20 years of experience at Amerant, including having served as CFO. He has over three decades of experience in the financial services industry, in diverse markets.
- ▶ In connection with the transition, Odilon Almeida Jr., former Lead Independent Director, was appointed Board Chairman.
- ▶ Board and management are fully aligned with and committed to the strategy - focusing on execution particularly on improving credit quality and enhancing our cost structure, supported by robust risk management.
- ▶ Priorities continue to be strengthening asset quality, improving efficiencies through controlled expenses, deepening deposit relationships, reigniting loan growth, maintaining strong capital, and achieving stated profitability goals and shareholder returns.

## Leadership Update

- ▶ Simplified our business and operating structures to reflect our dual focus on Domestic and International clients
  - Mike Nursey has been appointed SEVP, Chief Domestic Banking Officer. He is a seasoned leader with over 35 years of banking experience and is well-known and respected in the Florida marketplace.
  - Pedro Parra has been appointed SEVP, Chief International Banking Officer. His leadership supports Amerant's strategic focus on strengthening and expanding its international client relationships. He was most recently Head of International Banking and has held multiple leadership roles since joining Amerant in 2000.
  - Continue adding business talent for both domestic and international growth
- ▶ Centralized all products and teams under a single EMC member to strengthen synergies and deliver optimal support across business lines
  - Tony Eelman has been appointed SEVP, Chief Product Officer. He is responsible for aligning product design, technology enablement and go-to market execution. Prior to joining Amerant Bank, he served as President of Amerant Mortgage.

## 1Q26 and Full-Year 2026 Outlook

### ► Balance Sheet

- Loan balances as of 1Q26 projected at similar levels as 4Q25 as exits of credits would offset loan production. Annualized growth estimated between 7 to 9% with the higher end driven by funding of existing lines.
- Projected deposit growth expected to match loan growth; continued focus on improving ratio of noninterest bearing to total deposits

### ► Income Statement

- Net interest margin projected to be in the 3.65-3.70% range
- Projected expenses of approximately \$70-\$71 million in the first half of 2026, progressively reducing to \$67-68 million at the end of the year

### ► Capital Management

- Will continue execution of prudent capital management, balancing between retaining capital for growth, and buybacks and dividends to enhance returns
- The Board authorized a new share repurchase program (the “2026 Repurchase Program”), pursuant to which the Company may purchase, from time to time, up to an aggregate amount of \$40 million of its shares of Class A common stock. The 2026 Repurchase Program will be effective until December 31, 2026.

## Cost Reduction Initiatives

### ► Targeted expense reduction initiatives include, but are not limited to:

- Assessing vendor relationships, renegotiating contracts, and reviewing external professional services to ensure we’re getting the best possible value
- Shifting selected tasks in-house where it makes sense, improving efficiency while maintaining quality

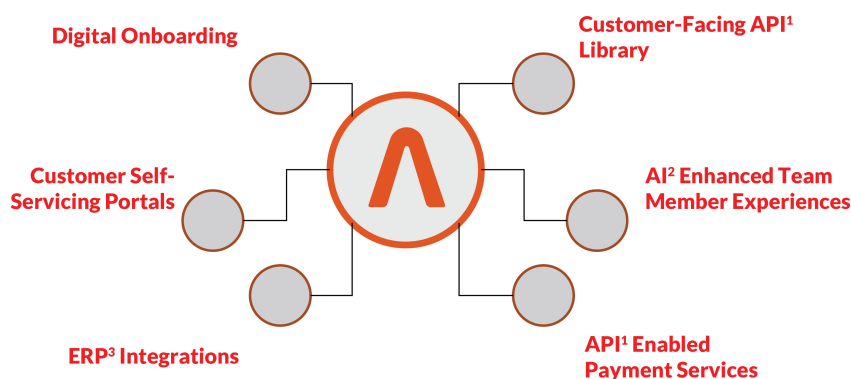

## Completed comprehensive credit review; heightened emphasis on reducing non-performing assets

- ▶ Approximately 85% of the commercial loan portfolio has already been reviewed, resulting in a comprehensive assessment of our loan portfolio. The residual \$1.2 billion of the commercial portfolio not reviewed in 4Q25 consisted of individual loans below \$3 million that are monitored through payment and credit score performance, loans originated in 2025 that will be reviewed in 2026 upon receipt of updated financial information, and other loans secured with cash or securities.
- ▶ Focused on restoring predictability to our loan portfolio's credit performance. We've taken a decisive approach to review our loan portfolio and worked diligently on the resolution of our credit issues to improve asset quality. We are focused on aligning our credit portfolio with our strategic objectives, such as targeting exits from non-core markets and large exposures, as well as avoiding migration into criticized buckets.
- ▶ Continuing efforts to resolve criticized loans with all-hands-leadership weekly meeting to address special assets as a working group to monitor and drive progress.
- ▶ Aligned necessary personnel to proactively address upcoming covenant testing and financial statement updates as well as driving prudent and expeditious resolution.
- ▶ Have made significant progress to improve our risk selection practices by making disciplined decisions aligned with our risk appetite.
- ▶ Closed on 4 of the 5 loan sales on loans previously disclosed as transferred to held-for-sale, and the remaining loan is under contract and scheduled to close prior to quarter end.

# Digital Transformation

**Groundwork is set post FIS conversion for Amerant to continue enhancing digital capabilities and achieve core results.**

- ▶ Completed successful technology reorganization.
- ▶ Enhanced payment capabilities for commercial and consumer clients.
- ▶ New FIS technology framework gives us the ability to grow organically and inorganically through acquisitions.
- ▶ FIS technology framework has given us a chance to clean and improve data quality to lay foundational steps for improved cross-sell, AI, and efficiency enhancements.

<sup>1</sup> API: Application Programming Interface for integration purposes, <sup>2</sup> Artificial Intelligence to increase efficiency, <sup>3</sup> Enterprise Resource Planning accounting systems to increase payment and TM capabilities.

**We've identified a wealth of opportunities by understanding our data and we are currently in the process of implementing plans to capture those opportunities.**

**Amerant's digital focus has aligned with the bank strategy to “strengthen our core,” now with a “digital-forward” outlook that is secure and transparent with evolving banking regulations.**

- ▶ Build upon new technology ecosystem to solidify and future-proof our evolving technology stack with a focus on deepening customer relationships through integrations and data, while creating on-going internal efficiencies.
- ▶ Expand digital cross-sell and marketing capabilities.
- ▶ Continue to focus on digital deposit onboarding for domestic and international clients.
- ▶ Leverage AI for enhanced decision-making, and improved efficiencies in Risk, BSA, and Sales.

# Liquidity

(as of December 31, 2025)

## Our standard liquidity management practices include:

- ▶ Semi-annual regular testing of lines of credit; satisfactory results have been obtained as of December 31, 2025
- ▶ Daily monitoring of Federal Reserve Bank account balances as well as large fund providers
- ▶ Daily analysis of lending pipeline and deposit gathering opportunities and their impact on cash flow projections
- ▶ Threshold associated with liquidity stress test scenarios
- ▶ Threshold for deposit concentration
- ▶ Limits on liquidity ratios
- ▶ Active collateral management of both loan and investment portfolios with lending facilities at FHLB and FRB
- ▶ 99.9% of the total securities portfolio has government guarantee

## Available line of credit with the FED & FHLB as of 4Q25:

- ▶ Total advances with the FHLB were \$712 million.
- ▶ Borrowing capacity with the FED and FHLB is approximately \$2.9 billion, including both securities and loans as collateral.

## Additional actions that strengthen liquidity position:

- ▶ Strong level of cash on hand: \$409 million as of 4Q25 at the Federal Reserve Bank ("FRB") account.
- ▶ Continued efforts to improve ratio of uninsured deposits to total deposits by offering FDIC insurance through Insured Cash Sweep ("ICS").

## Appendix 1 - Non-GAAP Financial Measures Reconciliation

The following table sets forth selected financial information derived from the Company's interim unaudited consolidated financial statements, adjusted for certain costs incurred by the Company in the periods presented related to tax deductible restructuring costs, provision for credit losses, provision for income tax (benefit) expense, the effect of non-core banking activities such as the sale of and valuation of securities, derivatives, loans held for sale and other real estate owned, and repossessed assets, the early repayment of FHLB advances, the Amerant Mortgage downsizing, and impairment of investments. The Company believes these adjusted numbers are useful to understand the Company's performance absent these transactions and events.

(1) Includes provision for credit losses on loans and provision for loan contingencies. See Footnote 6 in Exhibit 1 - Selected Financial Information of the Fourth Quarter Earnings Release filed on January 22, 2026 for more details.

(2) Beginning in the fourth quarter of 2025, we updated the terminology used to describe non-GAAP adjustments, referring to them as “non-core” rather than “non-routine.” This change reflects a labeling update only; the methodology used for these adjustments remains unchanged from prior periods.

(3) Includes net unrealized losses in connection with to-be announced (TBA) mortgage backed-securities (MBS) derivative contracts. We enter into these contracts to economically offset changes in market valuation on the trading securities portfolio. Additionally, in the three months ended December 31, 2025, the Company terminated the TBA MBS trading derivative contracts.

(4) In the three months ended December 31, 2025, the results include a realized gain on the sale of debt securities available for sale of \$2.2 million. Additionally, the three months ended December 31, 2025, include losses from the market valuation of trading securities, partially offset by realized gains resulting from the sale of the entire trading securities portfolio in the fourth quarter of 2025. In the three months ended September 30, 2025, amounts are primarily in connection with gains on market valuation of the trading securities portfolio.

(5) In the three months ended December 31, 2025, gains resulting from the sale and lease back of two banking centers located in South Florida.

(6) In the three months ended December 31, 2025, restructuring costs primarily relate to cost reduction initiatives intended to improve the Company's cost structure and efforts to de-risk the loan portfolio. These initiatives include terminating certain advertising contracts and a third-party loan origination agreement under a white-label program.

(7) In the three months ended December 31, 2025, primarily includes costs related to the termination of advertising contracts and a third-party loan origination agreement under a white-label program.

(8) In the three months ended December 31, 2025, amounts include a loss of \$13.8 million related to the valuation of loans held for sale carried at the lower of cost or fair value, which had an outstanding principal balance of \$93.7 million as of December 31, 2025. In addition, in the three months ended December 31, 2025, amounts include a \$1.1 million loss on the sale of loans associated with our white-label equipment finance solution. In the three months ended September 30, 2025, includes loss on sale of \$0.9 million related to the sale of one Substandard owner occupied loan with an outstanding balance of \$30.4 million at the time of sale.

(9) In the three months ended December 31, 2025 and September 30, 2025, include OREO valuation expenses of \$0.1 million and \$0.5 million, respectively.

(10) In the three months ended December 31, 2025, amount shown are in connection with an intangible asset impairment related to Amerant Mortgage.

(11) In the three months ended September 30, 2025, includes salaries and employee benefit expenses in connection with the Amerant Mortgage downsizing. See First Quarter Earnings Presentation filed on April 24, 2025 for more information.

(12) Includes severance, accelerated stock-based compensation and related reversals, and other expenses associated with the leadership transition completed in early November 2025. These costs also include severance related to the departure of other senior positions in 2025. Additional details regarding the CEO transition are available in the current reports on Form 8-K filed on November 6, and December 1, 2025.

(13) For the three months ended December 31, 2025 and September 30, 2025, the amounts represent the difference between the prior and current period year to date tax effect, which resulted in estimated tax rates of 20.51% and 22.51% for non-core noninterest expense items, respectively, and 19.83% and 23.89% for non-core noninterest income items, respectively.

(14) See 2024 Form 10-K for more information on potential dilutive instruments and its impact on diluted earnings per share computation.

(15) Other intangible assets primarily consist of naming rights and mortgage servicing rights (“MSRs”). Other intangible assets are included in other assets in the Company's consolidated balance sheets.
