Q2 2026 Consolidated Performance

	Q2 2026	Year-Over-Year	Sequentially
Net Sales	\$223 million	-5% (+\$6 million or +3% FX impact)	-11%
Net Loss*	\$(21.4) million	N/A	N/A
Diluted EPS	\$(1.16)	N/A	N/A
Adjusted Diluted EPS ⁽¹⁾	\$(0.07)	N/A	N/A
Adjusted EBITDA ⁽²⁾	\$27.8 million	-9%	-2%

*Income tax expense of \$9 million added to a pretax loss of \$(19) million for Q2 2026.

Net Loss, EPS and EBITDA figures represent amounts attributable to USANA and excludes the noncontrolling interest of 21.2% in Hiya.

“Our consolidated second quarter results reflect mixed performance as the Core Nutritional business delivered results generally in line with our expectations, while our ventures businesses performed below expectations,” said Kevin Guest, Chairman and Chief Executive Officer. “Specifically, Hiya continued to experience a challenging digital marketing environment, which pressured topline performance, subscriber growth, and margins. Additionally, Rise Wellness experienced a packaging-related disruption that impacted its commercial execution during the quarter. While we believe that these challenges for Hiya and Rise are temporary, and both companies remain well positioned to execute their growth strategies, we now expect net sales for these businesses during the full year to be below our

prior expectations and are updating our outlook accordingly.

“We remain confident in USANA's strategic transformation from a single-channel direct sales business into a diversified, omnichannel health and wellness company built on consumer acquisition and loyalty. We are continuing to evolve our Brand Partner incentive plan, accelerate product innovation, and modernize our technology infrastructure. We remain confident that these initiatives will lead to long-term sustainable growth.

“Hiya’s talented management team continues to embrace the opportunity to leverage their brand across additional channels to reach a broader consumer base, while continuing to build on strong performance at a major national retailer, early-stage international expansion, and encouraging momentum in additional e-commerce channels. Rise Wellness’ high growth protein beverage brand, Protein Pop, is just a year old, and continues to attract new retailers, expand its presence with existing retailers and create the foundation for an exciting and expanded product pipeline. We recognize this progress will not always be linear quarter to quarter, and as we manage the business with that expectation in mind, our focus remains on building long-term loyalty from the consumers and Brand Partners who depend on our brands.”

Balance Sheet

The Company ended the quarter with \$169 million in cash and cash equivalents and zero debt. As of July 4, 2026, inventory totaled \$95 million, a decrease of approximately \$13 million, or 12% compared to balances at year-end 2025.

The Company did not repurchase any shares during the quarter and has approximately \$34 million remaining under the current share repurchase authorization as of the end of the second quarter.

Fiscal Year 2026 Outlook

The Company is updating its outlook for fiscal year 2026, as follows:

Fiscal Year 2026 Outlook		
	Updated Estimate	Previous Range
Core Nutritional business net sales	\$750 million*	\$720 to \$765 million
Hiya net sales	\$125 million	\$140 to \$155 million
Rise Wellness net sales	\$35 million	\$65 to \$80 million
Consolidated net sales	\$910 million	\$925 million to \$1.0 billion
Net (loss) earnings	\$(11) million	\$20 million to \$27 million
Diluted EPS	\$(0.61)	\$1.11 to \$1.45
Adjusted diluted EPS ⁽¹⁾	\$0.76	\$1.95 to \$2.29
Adjusted EBITDA ⁽²⁾	\$87 million	\$101 million to \$109 million

*Reflects an expected favorable currency exchange rate impact of approximately \$20 million, or 2% of net sales and one less week of operations compared to fiscal year 2025 which was a 53-week year.

“Our GAAP net loss and negative Adjusted diluted EPS this quarter reflect lower-than-expected commercial performance from Hiya and Rise, and we’ve updated our full-year outlook accordingly,” said Doug Hekking, Chief Financial Officer. “Related to Hiya, we recorded an estimated preliminary non-cash goodwill impairment charge of \$29 million. This non-cash charge primarily reflects recent performance and changes in near-term forecasts, as well as updated valuation assumptions under applicable accounting standards, including adjustments to market multiples and discount rates. Hiya continues to be a core element of our strategy and we remain confident and committed to leveraging the brand across channels and international markets to drive long-term growth. Additionally, an increase in the annual estimated income tax rate, which was driven by both current performance and lower near-term forecasts, disproportionately impacted the current-year quarter and contributed to the net loss.

"Our balance sheet continues to be a source of strength, as we ended the period with \$169 million in cash and debt-free. We also generated \$20 million in free cash flow this quarter,

driven in large part by improved working capital management. Financial flexibility remains important and is central to how we're investing in USANA's continued evolution from a single-channel direct sales business into a diversified, omnichannel health and wellness company."

(1) Adjusted Diluted (Loss) Earnings Per Share is a non-GAAP financial measure. The Company excludes cost realignment expenses, impairment expense, gain on sale of assets, and acquisition-related costs, such as business transaction costs, integration expense and amortization expense from acquisition-related intangible assets in calculating Adjusted Diluted (Loss) Earnings Per Share. Please refer to "Non-GAAP Financial Measures" and "Reconciliation of Diluted (Loss) Earnings Per Share (GAAP) to Adjusted Diluted (Loss) Earnings Per Share (Non-GAAP)" in this press release for an explanation and reconciliation of this non-GAAP financial measure.

(2) Adjusted EBITDA is a non-GAAP financial measure. Please refer to "Non-GAAP Financial Measures" and "Reconciliation of Net (Loss) Earnings (GAAP) to Adjusted EBITDA (Non-GAAP)" in this press release for an explanation and reconciliation of this non-GAAP financial measure.

(3) Estimated preliminary non-cash impairment charge was recognized, during the second quarter of 2026, to reduce goodwill, which impacted the Hiya reporting unit.

Non-GAAP Financial Measures

This press release contains the non-GAAP financial measures Adjusted EBITDA and Adjusted Diluted EPS. Adjusted EBITDA is a non-GAAP financial measure of (loss) earnings before interest, taxes, depreciation, and amortization that also excludes certain adjustments as indicated below in the reconciliation from net (loss) earnings. Adjusted Diluted EPS is a non-GAAP financial measure of diluted (loss) earnings per share that excludes certain adjustments as indicated below in the reconciliation from diluted EPS.

Adjusted EBITDA (non-GAAP) is net (loss) earnings (its most directly comparable GAAP financial measure) adjusted for interest expense, net, (benefit from) provision for income taxes, depreciation and amortization, non-cash share-based compensation, transaction-related expenses and integration costs for the Hiya acquisition, cost realignment expenses, impairment expense, and gain on sale of assets. Adjusted EBITDA attributable to USANA (non-GAAP) is Adjusted EBITDA (non-GAAP) further adjusted to exclude the Adjusted EBITDA attributable to non-controlling interest related to Hiya.

Adjusted diluted (loss) earnings per share (non-GAAP) is diluted (loss) earnings per share (its most directly comparable GAAP financial measure) adjusted for amortization of intangible assets, transaction-related expenses and integration costs related to the Hiya acquisition, cost realignment expenses, impairment expense, and gain on sale of assets.

Management believes that Adjusted EBITDA (non-GAAP), Adjusted EBITDA attributable to USANA (non-GAAP), and Adjusted diluted (loss) earnings per share (non-GAAP), along with GAAP measures used by management, most appropriately reflect how the Company measures the business internally.

The Company prepares its financial statements using U.S. generally accepted accounting principles ("GAAP") and investors should not directly compare with or infer relationship from any of the Company's operating results presented in accordance with GAAP to Adjusted EBITDA and Adjusted diluted (loss) earnings per share. Non-GAAP financial measures have limitations in their usefulness to investors because they have no standardized meaning prescribed by GAAP and are not prepared under any comprehensive set of accounting rules or principles. In addition, other companies, including companies in our industry, may calculate similarly titled non-GAAP financial measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of non-GAAP

financial information as a tool for comparison. As a result, the non-GAAP financial information is presented for supplemental informational purposes only and should not be considered in isolation from, or as a substitute for financial information presented in accordance with GAAP.
