## **Volt Information Sciences to Host Fourth Quarter and Fiscal Year 2014 Earnings Conference Call on January 16th**

NEW YORK--(BUSINESS WIRE)-- Volt Information Sciences, Inc. (NYSEMKT:VISI) today announced that it will release its fourth quarter and fiscal year 2014 results on Thursday, January 15<sup>th</sup> after market close, and will host a live conference call and webcast on Friday, January 16<sup>th</sup> at 11:00 a.m. ET. Ron Kochman, President and Chief Executive Officer, and James Whitney, Senior Vice President and Chief Financial Officer, will discuss the company's fourth quarter and fiscal year 2014 results and accomplishments. Prepared remarks will be followed by a brief question and answer session.

To access the call, participants may dial (877) 887-1134 (U.S.) or (412) 317-1086 (International) and specify "Volt Information Sciences Earnings Conference Call". An audio replay of the call will be available for one week following the event. The replay can be accessed by dialing (877) 344-7529 (U.S.) or (412) 317-0088 (International), access code 10059039. The conference call will be simultaneously webcast through the Company's website at [www.volt.com](http://www.volt.com) in the Investors & Governance section.

### **About Volt Information Sciences, Inc.**

Volt Information Sciences, Inc. is an international provider of staffing services (traditional time and materials based as well as project based), information technology infrastructure services, telecommunication infrastructure and security services, and telephone directory publishing and printing in Uruguay. Our staffing services consist of workforce solutions that include providing contingent workers, personnel recruitment services, and managed staffing services programs supporting primarily professional administration, technical, information technology and engineering positions. Our project-based staffing assists with individual customer assignments as well as customer care call centers and gaming industry quality assurance testing services, and our managed service programs consist of managing the procurement and on-boarding of contingent workers from multiple providers. Our information technology infrastructure services provide server, storage, network and desktop IT hardware maintenance, data center and network monitoring and operations. For more information visit [www.volt.com](http://www.volt.com).
