Astronics

imagine

cruising at 32,000 feet, enjoying a movie on your mobile device as it charges. With a simple touch you power your seat back, and reach to adjust your airflow. Lighting winks rhythmically from the wing. The crew is in control, supported by connectivity, data and emergency systems that work in harmony to deliver a safe, comfortable journey.

What does Astronics have to do with this experience? **EVERYTHING.**

INNOVATION, COLLABORATION, SUCCESS

Every day, Astronics keeps people connected through innovative technologies that support mission-critical systems.

As a true partner, we work side-by-side with customers to solve complex challenges with integrated solutions engineered from our array of power, connectivity, lighting, interiors, structures, testing and additional technologies.

With 50 years of experience, we understand customer-focused solutions and deliver them every day. Today, global airframe manufacturers, airlines, military branches, completion centers and Fortune 500 companies rely on the collaborative spirit and creative solutions of Astronics.

HIGHLY ENGINEERED SOLUTIONS PROUDLY SERVING:

COMMERCIAL AIRCRAFT | BUSINESS AIRCRAFT | VIP AIRCRAFT
ROTORCRAFT | MILITARY AIR- AND GROUND-BASED SYSTEMS
SEMICONDUCTOR SYSTEMS | SPACE SYSTEMS | MEDICAL SYSTEMS

And countless applications where reliability can not be compromised

POWERING GLOBAL PROGRAMS WITH INDUSTRY-LEADING SOLUTIONS

Astronics’ product lines ensure the performance of your programs today and tomorrow. We successfully work complex proposals and support multi-year programs while providing future upgrade paths for technologies and systems. We are committed to quality and carry all of the necessary certifications to deliver qualified solutions worldwide. Wherever you are, whatever product you buy, you can rely on the consistent quality of Astronics.

ELEVATING INNOVATION FOR MISSION-CRITICAL SYSTEMS

The subsidiaries of Astronics provide a breadth of solutions and product lines for global programs. From simple technology point solutions to complete, integrated systems, Astronics’ teams bring it all together. Chances are at least one of our subsidiaries is already in your procurement system, making it easy to think of Astronics as your technology partner for your next program.

Our passion is for technology firsts, and we lead the industry with widely deployed solutions that keep your customers satisfied through reliable operation of your systems—protecting your quality brand in the marketplace.

CUSTOMER CENTRICITY AT THE CORE

Astronics works in concert with you, listening carefully and optimizing solutions to fit your mission and timeframe while minimizing your total cost of ownership.

We offer expertise in streamlining manufacturing, simplifying installation, and enhancing reliability—all to improve end-user experiences. With every major engineering discipline in-house, your solutions are developed and deployed rapidly, certified to industry quality standards.

MANUFACTURING STRENGTH, GLOBAL SUPPORT

The marketplace moves quickly, and when you need speed and agility Astronics is ready—from design and development to delivery. Our procurement networks and service teams provide deep value for your unique program, all with the convenience of a single-supplier solution. With 1.2+ million square feet of manufacturing and a 24/7 global support network, Astronics stands ready to ensure the success of your program.

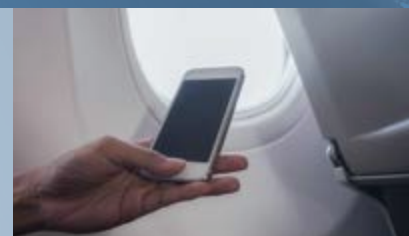

SERVING GLOBAL CUSTOMERS

Astronics delivers solutions worldwide to leading companies including:

Airbus	Dassault Aviation	Intel	Rockwell Collins
American Airlines	Delta Air Lines	L3 Technologies	Sikorsky
Bell Helicopter	Embraer	Leonardo	Textron
Boeing	General Dynamics	Lockheed Martin	Thompson Aero Seating
Carson Helicopters	Gogo	NASA	United Airlines
Cirrus Aircraft	Gulfstream	Panasonic Avionics	U.S. Army/Navy/Air Force/Marines
Comlux	Hughes	Raytheon Company	Zodiac Aerospace

MULTIPLE SUBSIDIARIES TO SUPPORT YOUR PROGRAM

Astronics Advanced Electronic Systems	Astronics Luminescent Systems Inc.
Astronics AeroSat	Astronics Max-Viz
Astronics Ballard Technology	Astronics PECO
Astronics Connectivity Systems and Certification	Astronics PGA
Astronics Custom Control Concepts	Astronics Test Systems
Astronics DME	

ELEVATING YOUR SOLUTIONS TOGETHER

Reliable technology. Dependable delivery. Astronics is your collaborative, innovative partner. Through engineering expertise, proven project management and manufacturing strength, we work together to elevate your next-generation technology systems.

What can we work on with you?

Astronics Corporation (NASDAQ: ATRO) serves the world's aerospace, defense, and semiconductor industries with proven, innovative technology solutions. Astronics works side-by-side with customers, integrating its array of power, connectivity, lighting, structures, interiors, and test technologies to solve complex challenges. For 50 years, Astronics has delivered creative, customer-focused solutions with exceptional responsiveness. Today, global airframe manufacturers, airlines, military branches, completion centers, and Fortune 500 companies rely on the collaborative spirit and innovation of Astronics.
