Stemtech Corporation Announces Go Live of Stemtech Advance Office Based on VERB Technology Monday Sep 19

MIRAMAR, Fla., Sept. 14, 2022 (GLOBE NEWSWIRE) -- [Stemtech Corporation](#) ("Stemtech") (OTCQB: STEK), an innovative nutraceutical company and a pioneer in the field of stem cell nutrition, today announced the Go-Live date of their Stemtech Advance Office based on the VERB Technology Company, Inc. (NASDAQ: VERB) system.

Stemtech Corporation President and Chief Operating Officer, John W. Meyer, said "we are extremely happy to announce go-live for Monday, September 19, 2022. It is with great anticipation that we offer this exceptional, leading-edge industry software as a tremendous communication tool for our Independent Business Partners (IBPs). We are proud to have this partnership with VERB, who provide Stemtech with direct sales recruiting, retention and expansion of business capabilities. The analytics and communication aspects via their interactive video-based sales applications, including live-streaming, are a powerful means to communicate with new prospective customers. This partnership with such a prominent provider is an exciting step and will help drive momentum for Stemtech."

About Stemtech Corporation

Stemtech Corporation, a leading nutraceutical company with a direct sales distribution model, was founded on April 18, 2018, after acquiring the operations from its predecessor Stemtech International, Inc. which was founded in 2005. From 2010 through 2015, Stemtech International, Inc., was recognized four separate times on the Inc. 5000 Fastest-Growing Companies list. In 2018, the Company underwent an extensive executive reorganization, and continued operations under new leadership. Stemtech specializes in creating products and formulas that are patent protected in the U.S. and in select international markets. The Company's patented formulas help the release, circulation and migration of the body's adult stem cells from its bone marrow. The Company markets its products under the following brands: RCM System, stemrelease3™, Stemflo® MigraStem, OraStem® (Oral Health Care), and D-Fuze™ (EMF blocker). Its nutraceutical products are all-natural, plant-based and manufactured under cGMP (Current Good Manufacturing Practices) under the auspices of the Dietary Supplement Health and Education Act (DSHEA). About VERB Technology

Verb Technology Company, Inc. (Nasdaq: VERB), the market leader in interactive video-based sales applications, transforms how businesses attract and engage customers. The Company's Software-as-a-Service, or SaaS, platform is based on its proprietary interactive video technology, and is comprised of a suite of sales enablement business software

products offered on a subscription basis. Its software applications are used by hundreds of thousands of people in over 100 countries and in more than 48 languages. VERB's clients include large sales-based enterprises as well as small business sales teams, including the sales and marketing departments of professional sports teams. MARKET.live is VERB's multi-vendor, multi-presenter, livestream social shopping platform at the forefront of the convergence of ecommerce and entertainment. With approximately 150 employees and contractors, the Company is headquartered in Lehi, Utah, and also maintains offices in Newport Beach, California.

Forward-Looking Statements

This announcement contains forward-looking statements within the meaning of the "safe harbor" provisions of the U.S. Private Securities Litigation Reform Act of 1995. Such statements include but are not limited to statements identified by words such as "believes," "expects," "anticipates," "estimates," "intends," "plans," "targets," "projects" and similar expressions. The statements in this release are based upon the current beliefs and expectations of our company's management and are subject to significant risks and uncertainties. Actual results may differ from those set forth in the forward-looking statements. Numerous factors could cause or contribute to such differences, including, but not limited to, results of clinical trials and/or other studies, the challenges inherent in new product development initiatives, the effect of any competitive products, our ability to license and protect our intellectual property, our ability to raise additional capital in the future that is necessary to maintain our business, changes in government policy and/or regulation, potential litigation by or against us, any governmental review of our products or practices, as well as other risks discussed from time to time in our filings with the Securities and Exchange Commission, including, without limitation, our latest 10-Q Report filed on August 23, 2022. We undertake no duty to update any forward-looking statement, or any information contained in this press release or in other public disclosures at any time. Finally, the investing public is reminded that the only announcements or information about Stemtech Corporation which are condoned by the Company must emanate from the Company itself and bear our name as its Source.
