CHICAGO, Nov. 20, 2018 (GLOBE NEWSWIRE) -- Professional Diversity Network, Inc. (NASDAQ:IPDN), ("IPDN" or the "Company"), a global developer and operator of online and in-person networks that provides access to networking, training, educational and employment opportunities for diverse individuals, today announced its third quarter 2018 financial results for the quarter ended September 30, 2018.

Third Quarter Highlights include:

- Excluding goodwill impairment charge, the total costs and expense decreased by \$1.5 million, or 27.5% for the quarter ended September 30, 2018. This reduction is primarily the result of decrease in general and administrative expenses and sales and marketing expenses.
- Revenue generated from PDN Network increased by 2.6% for the three months ended September 30, 2018. The increase was a result of improved operational efficiencies and improvement in concerted efforts in sales growth, client retention, and customer satisfaction.
- Reduced Adjusted EBITDA loss to \$1.0 million for the quarter ended September 30, 2018 compared to \$1.5 million for the quarter ended September 30, 2017.

Michael Wang, CEO of IPDN, said, "While the Company continued to sustain losses, we have taken great strides in reducing our costs and overheads and consequently greatly reduced our losses. Our focus is to enhance our diversity recruitment and women's networking segments, with a focus on delivering superior performance to our clients and members."

Mr. Wang continued, "We continue to have more work to do in China and the U.S. in 2018 and 2019 to enhance shareholder value. In the first three quarters of 2018, we have successfully reduced general and administrative expenses by 35.2% and sales and marketing expenses by 46.3%. We will continue to remain vigilant in watching our costs and will invest in growth when we see opportunities to do so. We continue to believe that China presents significant opportunity for our future growth toward profitability and much of my time and the Company's efforts will be in the China market."

2018 Third Quarter Financial Results

For the quarter ended September 30, 2018, IPDN reported total revenue of approximately

\$1.9 million, a 37.9% decrease from the quarter ended September 30, 2017, due primarily to management's focus on reduction in sales and operations workforce as a means to cost savings and rebranding the business.

Total operating expenses for the quarter ended September 30, 2018, increased by 66.6% to \$9.3 million from \$5.6 million for the quarter ended September 30, 2017. This increase is primarily the result of a \$5.3 million goodwill impairment charge recorded in the NAPW segment in September 2018. Excluding goodwill impairment charge, the total costs and expenses were \$4.0 million, a decrease of \$1.5 million compared to the same period in the prior year. This decrease is primarily the result of a \$0.9 million decrease in general and administrative expenses and a \$0.6 million decrease in sales and marketing expenses.

The Company reported a net loss for the quarter ended September 30, 2018 of \$7.2 million or \$1.49 per share compared to a net loss of \$2.5 million, or \$0.63 per share, for the corresponding period ended September 30, 2017.

Professional Diversity Network, Inc. ADJUSTED EBITDA (Unaudited) We believe Adjusted EBITDA provides a meaningful representation of our operating performance that provides useful information to investors regarding our financial condition and results of operations. Adjusted EBITDA is commonly used by financial analysts and others to measure operating performance. Furthermore, management believes that this non-GAAP financial measure may provide investors with additional meaningful comparisons between current results and results of prior periods as they are expected to be reflective of our core ongoing business. However, while we consider Adjusted EBITDA to be an important measure of operating performance, Adjusted EBITDA and other non-GAAP financial measures have limitations, and investors should not consider them in isolation or as a substitute for analysis of our results as reported under GAAP. Further, Adjusted EBITDA, as we define it, may not be comparable to EBITDA, or similarly titled measures, as defined by other companies.

The following table provides a reconciliation of Net Loss from continuing operations to Adjusted EBITDA, the most directly comparable GAAP measure reported in our consolidated financial statements:
