

Apollo Medical Holdings Partners with Rite Aid on Pioneering Health Alliance to Improve Patient Health and Treatment Outcomes

ApolloMed ACO Joins Forces with Rite Aid Pharmacists and Special Care Coaches to Provide Personalized, Community-based Health Management to Chronic and Poly-chronic Patients

GLENDAL, Calif.--(BUSINESS WIRE)-- [Apollo Medical Holdings, Inc.](#) ("ApolloMed") (OTC-QB: AMEH), an integrated physician-centric healthcare delivery company, today announced that ApolloMed ACO has partnered with Rite Aid (NYSE: RAD), one of the nation's leading drugstore chains, on a pioneering program to provide community-based health management for patients with chronic and poly-chronic health conditions. Rite Aid Health Alliance will help patients in the greater Los Angeles area achieve health improvement goals established by their ApolloMed ACO physicians.

"Rite Aid's Health Alliance fits with our integrated model of providing comprehensive care and support to individuals with chronic conditions," stated Warren Hosseinion, M.D., Chief Executive Officer of Apollo Medical Holdings. "ApolloMed ACO patients will have access to dedicated care teams of pharmacists, who are among the most accessible and trusted healthcare resources, and specially trained in-store healthcare coaches at select Rite Aid locations throughout the Greater Los Angeles area. We started this program in the fall of 2013 and the initial feedback from patients, their families and primary care physicians has been outstanding."

Patients with conditions such as congestive heart failure, COPD, high cholesterol and diabetes, are recommended to the program by their ApolloMed ACO primary care physician. Rite Aid pharmacists and specially trained care coaches, located in Rite Aid pharmacies, work with the physician and patient on an on-going basis to improve the patient's overall health and self-management abilities. The care team members collaborate with the patient to establish health goals, eliminate barriers and create a personalized health care action plan in coordination with the patient's physician.

"Through our innovative Rite Aid Health Alliance program and partnership with ApolloMed, we will help patients with the resources and support necessary to successfully manage their conditions and improve their overall health and well being," said Rite Aid Chairman and CEO John Standley.

The full range of services available to patients participating in Rite Aid Health Alliance includes medication compliance support, comprehensive medication reviews and reconciliation, nutrition and weight management information, disease education, exercise coaching and tobacco cessation support. Records of all program patient interactions occurring in Rite Aid pharmacies and updates from their ApolloMed ACO physician are

stored electronically, along with patient profiles including medications and lab results. This supports continuity of care and provides convenient access of information to other members of the patient's healthcare team.

About ApolloMed ACO

A subsidiary of Apollo Medical Holdings, Inc., ApolloMed ACO was one of only eight ACOs selected to participate in the Medicare Shared Savings Program (MSSP) by CMS in the State of California in 2012. Physicians in Greater Los Angeles, Orange County and Central California have joined ApolloMed ACO to enhance patient engagement and lower healthcare costs through the coordination of care and integration of clinical services across all aspects of a patient's healthcare needs – whether in the primary care office, seeing a specialist, admitted to the hospital or at home. Through a shared commitment to reducing Medicare expenditures and delivering superior quality care to its patients, ApolloMed ACO and its physicians enjoy a culture that supports, incentivizes and rewards continuous quality improvement across the care continuum.

About Apollo Medical Holdings, Inc. (ApolloMed)

ApolloMed is a leading provider of physician-centric, integrated healthcare management services, fueled by its commitment to provide exceptional multi-disciplinary care in the communities it serves in Southern and Central California. ApolloMed is addressing the healthcare needs of the nation's largest population center by leveraging its integrated healthcare delivery platform comprised of three affiliated and complementary physician groups: ApolloMed Hospitalists, ApolloMed ACO (Accountable Care Organization) and Maverick Medical Group (Independent Physician Association). This platform combines hospitalist medicine, critical care medicine, case management and transition management that enable healthcare organizations to engage in performance payments for utilization efficiency, quality of care objectives and shared accountability arrangements.
