

ApolloMed Aco Announces Final Performance Year Two Results Which Show \$3.9 Million In Total Savings

ACHIEVES AN ACO QUALITY SCORE OF 90.4% ON ITS QUALITY PERFORMANCE REPORT

GLENDAL, Calif., Aug. 26, 2015 /PRNewswire/ -- **Apollo Medical Holdings, Inc.** ("ApolloMed" or "the Company") (AMEH), an integrated population health management company, today announced that ApolloMed ACO beat its total benchmark expenditures for the 2nd year in a row, generating \$3.9 million in total savings and achieving an ACO Quality Score of 90.4% on its Quality Performance Report.

ApolloMed ACO's total benchmark expenditures were \$340.5 million, while the actual total expenditures came in at \$336.6 million, resulting in \$3.9 million in total savings. Additionally, the ACO is proud of reporting on 100% of all quality measures and achieving a Quality Score of 90.4% on its Quality Performance Report. Each ACO is scored based on four domains: Patient/Caregiver Experience, Care Coordination/Patient Safety, Preventive Health and At Risk Population. ApolloMed ACO achieved excellent scores, including 96.8% in the Patient/Caregiver Experience domain, 93.6% in the At Risk Population domain and 90.6% in the Preventive Health domain.

More specifically, the four domains are comprised of 33 quality measures (ACO 1-33). ApolloMed ACO performed at or above the 90th percentile in multiple measures. The ACO achieved performance rates of 98.5% in Medication Reconciliation (ACO-12), 92.3% in Tobacco Use Assessment and Cessation Intervention (ACO-17), 88.6% in Beta-Blocker Therapy for Left Ventricular Systolic Dysfunction (heart failure)(ACO-31) and 80.7% in Hemoglobin A1c of less than 8 (ACO-22) for its patients with diabetes. The ACO scored close to or above the 90th percentile in Depression Screening (ACO-18), Screening for Fall Risk (ACO-13), Risk Standardized, All Condition Readmissions (ACO-8) and Percent of Beneficiaries with Hypertension whose Blood Pressure is less than 140/90 (ACO-28). Finally, under the Patient/Caregiver Experience domain, which is a measure of patient satisfaction, ApolloMed scored close to or above the 90th percentile in every category: Getting Timely Care, Appointments and Information (ACO-1), How Well Your Doctors Communicate (ACO-2), Patients' Rating of Doctor (ACO-3), Access to Specialists (ACO-4), Health Promotion and Education (ACO-5) and Shared Decision Making (ACO-6).

Since passage of the Affordable Care Act, more than 400 Medicare ACOs have been established in the U.S., serving about 7 million Americans with Medicare. Medicare ACOs are comprised of physicians and other providers of healthcare services that work together to coordinate care for the Medicare fee-for-service beneficiaries they serve and achieve program goals.

"At ApolloMed, we have made a strategic decision to focus on population health management," stated Warren Hosseinian, M.D., CEO of Apollo Medical Holdings. "Risk-sharing, population-based payment structures will become the norm by 2018 and we have positioned ourselves to benefit from these changes."

"We continue to invest in our population health and risk management infrastructure and networks," stated Gary Augusta, Executive Chairman. "ApolloMed's physician-driven, outcomes-based business model is well positioned for value-based healthcare that is rapidly becoming the basis for the US healthcare system."
