Information Systems Associates Becomes a Member of the Hewlett Packard Developer and Solution Partner Program

PALM CITY, Fla., Dec. 8 /PRNewswire-FirstCall/ -- Information Systems Associates, Inc. (OTC Bulletin Board: IOSA), a datacenter optimization software, services and solutions company, today announces that it has become a member of the Hewlett Packard (HP) Developer & Solution Partner Program (DSPP). The DSPP offers the most complete technology product portfolio solution to businesses worldwide. It provides infrastructure and business offerings that range from handheld devices to some of the world's most powerful supercomputer installations.

Joe Coschera, Information Systems Associates' CEO, stated: "Our new partnership with HP gives us the opportunity to introduce our data center infrastructure management products and services to HP's long list of business customers. This partnership with HP is a prime example of Information System Associates' (ISA's) focus towards integrating our products with the strongest hardware and software providers in the data center market facilitating the provision of world class solutions to its clients. ISA's ultimate goal is to become the 'trusted advisor' for all of its clients by providing solutions with the strength and depth to meet the challenges presented today and lay the foundations to help them meet the challenges of the future."
