# **NetSol Technologies' Development Center in Lahore Achieves ISO 27001 Certification**

## **Accreditation Offers International Customers Proven Information Security Management Protocols and Standards**

CALABASAS, CA -- (MARKET WIRE) -- 01/23/08 -- NetSol Technologies Inc. ("NetSol") (NASDAQ: NTWK), a multinational provider of IT services and enterprise software to the financial services industry, announced that its Asia-Pacific division's Lahore based IT campus "NetSol Village," has achieved ISO 27001 certification. International Organization for Standardization (ISO) is the world's largest developer and publisher of International Standards.

ISO 27001 specifies the requirements for establishing, implementing, operating, monitoring, reviewing, maintaining and improving a documented Information Security Management System within the context of the organization's overall business risks. It specifies requirements for the implementation of security controls customized to the needs of individual organizations or parts thereof. The ISO 27001 certification is designed to ensure the selection of adequate and proportionate security controls that protect information assets and give confidence to interested parties.

Salim Ghauri, president of NetSol's Asia-Pacific division, commented, "It is with great pride that we announce that our development facility in Lahore has achieved ISO 27001 accreditation. In simple terms, with ISO 27001 certification our customers can feel comfortable in the knowledge that their private information is protected and that the work conducted in our Lahore facility is fully secure as ranked by the world's leading standards authority. This achievement is not only important for NetSol but also for the entire Pakistan IT Industry, as it is our objective to further promote international interest in our capabilities from abroad."

The ISO is a network of national standards institutes of 157 countries, on the basis of one member per country with a Central Secretariat located in Geneva, Switzerland to coordinate the system. ISO is a non-governmental organization.
