Nylabone Introduces New Collection of Dog Chew Toys Made with REAL Chicken, Bison, Venison, Bacon, and Beef.

The line infuses the real tastes dogs simply can't resist into Nylabone's best-

selling shapes - Original Bone, Textured Ring, Femur, and Comfort-Hold Wishbone. Proudly made in the USA, each chew toy in this collection helps satisfy healthy chewing instincts, keeps dogs happy and engaged, and, thanks to textured designs, helps clean teeth and freshen breath as they chew.

"When it comes to flavors, dogs have an *extra*-special craving for the real deal," said Glen S. Axelrod, President and CEO of Nylabone Products. "Creating chew toys that feature these savory, authentic tastes not only provides dogs what they love, but also gives pet parents an especially indulgent way to make their furry friends happy."

Building on Nylabone's 70-year legacy of chew toys made with Heart & Purpose™, this collection promotes healthy chewing habits and helps dogs relieve boredom, anxiety, and stress. Each veterinarian-recommended, proudly made in New Jersey chew toy delivers durable, long-lasting engagement for independent play.

These chew toys, featuring the real tastes dogs love, are now available on Amazon.com and Chewy.com, just in time for pet parents seeking the perfect holiday gift.
