"This partnership is both a privilege and a milestone for BigBear.ai. It is a powerful endorsement of our technology and values," said Kevin McAleenan, CEO of BigBear.ai. "This project also marks a major first step in our international expansion. Together with Easy Lease and Vigilix, we are committed to advancing the UAE's AI capabilities, delivering mission-critical systems that enhance safety, mobility, and operational effectiveness across the region."

Ahmad Al Sadah, CEO of Easy Lease, said: "Our partnership with BigBear.ai and Vigilix reflects a shared commitment to advancing AI-driven solutions that support digital transformation across multiple sectors. This collaboration brings together global expertise and local insight to deliver practical, scalable technologies that address real-world challenges. For Easy Lease, it is also a step forward in integrating intelligent systems into our operations, as we continue to evolve into a more technology-enabled, data-driven enterprise."

As partners, BigBear.ai, Easy Lease, and Vigilix combine their respective strengths in AI, operations, and strategic advisory services to develop advanced technologies for the mobility, industrial, and other high-growth industries. The collaboration envisions BigBear.ai as the primary technology and innovation arm, leading the development, integration, and

localization of advanced AI tools and platforms tailored to the needs of the UAE. Easy Lease will leverage its operational leadership and market reach, and Vigilix will provide regional insight and strategic enablement to ensure successful market impact.

This partnership underscores BigBear.ai's commitment to fostering enduring, mutually beneficial relationships in the UAE, founded on trust, respect, and a shared vision for a secure and prosperous future.
