Investor Presentation June 2022

Safe Harbor Statement

This presentation by The Lovesac Company (the "Company," "we." "ws." and "our") includes "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Section 27A of the Securities Act of 1933. as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All forward-looking statements are subject to a number of risks, uncertainties and assumptions, and you should not rely upon forward-looking statements as predictions of future events. You can identify forward-looking statements by words such as "anticipate," "believe," "could," "expect," "intend," "may," "plan," "potential," "predict," "project," "should," "would," "will," "target," "contemplates," "continue" or the negative of those words or other similar terms or expressions that concern our expectations, strategy, plans, or intentions. These statements are based on management's current expectations and/or beliefs and assumptions about future events and trends that management considers reasonable, which assumptions may or may not prove correct. We may not actually achieve the plans, carry out the intentions or meet the expectations disclosed in the forward-looking statements and you should not place undue reliance on these forward-looking statements. Moreover, we operate in a very competitive and rapidly changing environment. New risks and uncertainties emerge from time to time, and it is not possible for us to predict all risks and uncertainties that could have an impact on the forward-looking statements. Actual results and performance could differ materially from those projected in the forward-looking statements as a result of many factors. Some of the key factors that could cause actual results to differ materially from those expressed or implied in the forward-looking statements include, but are not limited to, the effect and consequences of COVID-19 on our business, sales, results of operations and financial condition; changes in consumer spending and shopping preferences, and economic conditions; our ability to achieve or sustain profitability; our ability to manage and sustain our growth effectively, including our ecommerce business, forecast our operating results, and manage inventory levels; our ability to advance, implement or achieve our sustainability, growth and profitability goals through leveraging our Designed for Life philosophy or Circle to Consumer business model; our ability to realize the expected benefits of investments in our supply chain and infrastructure; disruption in our supply chain and dependence on foreign manufacturing and imports for our products; our ability to acquire new customers and engage existing customers; reputational risk associated with increased use of social media; our ability to attract, develop and retain highly skilled associates; system interruption or failures in our technology infrastructure needed to service our customers, process transactions and fulfill orders; any inability to implement and maintain effective internal control over financial reporting or inability to remediate any internal controls deemed ineffective; unauthorized disclosure of sensitive or confidential information through breach of our computer system; the ability of third-party providers to continue uninterrupted service; the impact of tariffs, and the countermeasures and tariff mitigation initiatives; the regulatory environment in which we operate, our ability to maintain, grow and enforce our brand and intellectual property rights and avoid infringement or violation of the intellectual property rights of others; our ability to improve our products and develop and launch new products; our ability to successfully open and operate new showrooms; and our ability to compete and succeed in a highly competitive and evolving industry, as well as those risks and uncertainties disclosed under the sections entitled "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our most recent Annual Report on Form 10-K and Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission ("SEC"), and similar disclosures in subsequent reports filed with the SEC, which are available on our investor relations website at investor.lovesac.com and on the SEC website at www.sec.gov. The forward-looking statements made in this presentation relate only to events as of the date on which the statements are made. We undertake no obligations to update any forward-looking statements made in this presentation to reflect events or circumstances after the date of this presentation or to reflect new information or the occurrence of unanticipated events, except as required by law.

Certain data in this presentation was obtained from various external sources. Neither the Company nor its affiliates, advisers or representatives have verified such data with independent sources. Accordingly, neither the Company nor any of its affiliates, advisers or representatives make any representations as to the accuracy or completeness of that data or to update such data after the date of this presentation. Such data involves risks and uncertainties and is subject to change based on various factors.

Use of Non-GAAP Information

This presentation includes certain non-GAAP financial measures that are supplemental measures of financial performance not required by, or presented in accordance with, GAAP, including Adjusted EBITDA. We define "Adjusted EBITDA" as earnings before interest, taxes, depreciation and amortization, adjusted for the impact of certain non-cash and other items that we do not consider in our evaluation of ongoing operating performance. These items include management fees, equity-based compensation expense, write-offs of property and equipment, deferred rent, financing expenses and certain other charges and gains that we do not believe reflect our underlying business performance. We have reconciled this non-GAAP financial measure with the most directly comparable GAAP financial on slides 41 and 42.

We have also presented herein certain forward-looking statements about the Company's future financial performance that include non-GAAP (or "as-adjusted") financial measures, including Adjusted EBITDA. This non-GAAP financial measure is derived by excluding certain amounts, expenses or income, from the corresponding financial measures determined in accordance with GAAP. The determination of the amounts that are excluded from this non-GAAP financial measure is a matter of management judgment and depends upon, among other factors, the nature of the underlying expense or income amounts recognized in a given period. We are unable to present a quantitative reconciliation of the aforementioned forward-looking non-GAAP financial measure to its most directly comparable forward-looking GAAP financial measures because management cannot reliably predict all of the necessary components of such GAAP measures, which could be significant in amount.

We believe that these non-GAAP financial measures not only provide its management with comparable financial data for internal financial analysis but also provide meaningful supplemental information to investors. However, other companies in our industry may calculate these items differently than we do. These non-GAAP measures should not be considered as a substitute for the most directly comparable financial measures prepared in accordance with GAAP, such as net income (loss) or net income (loss) per share as a measure of financial performance, cash flows from operating activities as a measure of liquidity, or any other performance measure derived in accordance with GAAP.

Focus on sustainability, having **repurposed** more than **100 million plastic water bottles**

Attractive financial profile with **54.9%** reported gross margin for FY2022 compared to 54.5% reported gross margin for FY2021 despite strong supply chain headwinds

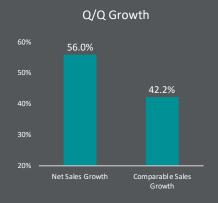

Recent Developments

FY22 Operational Accomplishments

- Opened 28 showrooms, 2 mobile concierges, and 8 kiosks; Operated 18 new Best Buy shop-in-shops for a total of 21
- Launched Sactionals' Stealthtech sound-plus-charge product, in partnership with Harman Kardon
- Maintained in-stock levels throughout the year, shipping the vast majority of orders to customers in just days, despite the challenging supply chain environment
- Grew customer file and drove loyalty with existing customers, showing new customer growth of 14.3%
- Saw lift in CSAT (customer satisfaction) scores as customers appreciate more than ever best-in-class service levels and in-stock positioning
- Made critical investments in people and infrastructure in support of growth including ecommerce platform
- Published inaugural ESG Report in December that sets the benchmark for ongoing ESG journey
- In FY22, we diverted more than 15 million plastic bottles from the waste stream, upcycling them into home décor fabric

FY 2023 Q1 and FY 2023 Financial Update

- Showroom net sales increased 65.9%
- Internet channel net sales increased 24.1%
- "Other" channel net sales increased 92.7%

- 43.5% increase in gross margin \$
- (4.5%) decrease in gross margin % primarily due to supply chain headwinds
- Positive adjusted EBITDA¹ of \$6.4M
- \$64.4M in cash and cash equivalents at end of quarter

Outlook

FY2023 Q2 GUIDANCE

- Expect net sales growth of between 25-30%
- Adjusted EBITDA¹ margin decrease of approximately 355 bps versus the same quarter LY
- Adjusted EBITDA¹ dollars primarily impacted by expected lower gross
 margin of approximately 710 bps as compared to prior year due the higher
 inbound ocean freight rates and higher outbound transportation costs
 resulting from higher fuel surcharges

FY2023 FRAMEWORK

- Expect net sales growth in the low 30% range
- Adjusted EBITDA ¹ rate slightly above fiscal 2022
- Gross Margin rate to be ~300 bps lower than fiscal 2022 driven by the continuation of higher inbound and outbound freight costs

¹ Adjusted EBITDA is a non-GAAP measure. Adjusted EBITDA Reconciliation can be found on page 41.

Strategic Priorities

Our Fiscal 2023 Strategic Priorities

LOVESAC

Product

- Continue to increase Sactionals StealthTech Sound + Charge awareness
- Drive appeal to new & repeat business
- Aggressive supply chain diversification

Marketing

- Drive growth spending ~11-13% of net sales on marketing annually
- Test & learn to drive efficiency & volume
- New TV creative
- Key collabs with celebs & aspirational brands
- Expand influencer & social media reach

Omni-channel Distribution

- Targeting more than 25 new showroom openings in FY2023
- Continue partnership with Best Buy
- Expand kiosk touchpoints
- Lay groundwork for multiple distribution channels

Supply Chain/ Infrastructure

- Leverage diversified supply chain and resulting strong instock positions
- Implement new customer relationship management software
- Leverage warehouse management software for efficiency

Sustainability

- Designed For Life ethos & strategy
- Intend to pioneer Circle to Consumer business model - reaching targets of zero waste and zero emissions by 2040
- Tout leadership in plastic recycling on the new site, et al
- Continued evolution of supply chain

Infrastructure: Built For Scale & Efficiency

Showroom Technology

Large format motion screens and interactive touchpads to enhance CX

Data Warehouse & CRM

Scalable foundation for ERP and CRM

Logistics Optimization

Concentrated inventory without shelf-life, at high carry to facilitate growth and flex

Supply Chain

Easily scalable with existing diverse suppliers, and to other countries, due to uniformity and flexibility of the 2 core SKUs

Shipping

One of the most advantaged shipping solutions for mid-highend upholstery in the market; Fast & Free, or paid white glove delivery set-up available

Summary

- Large Addressable Market: Significant opportunity to disrupt a huge, and transitioning home furnishing market
- Increasing Marketing Effectiveness: Still low brand awareness + strong marketing ROIs = Leaning into traditional, digital and social marketing strategies
- Disruptive Omni-channel Approach: Multi-channel distribution through e-commerce, showrooms, kiosks, mobile concierges, shop-in-shops, pop-up shops and online pop-ups which expands brand reach and drives customer engagement. Will leverage learnings generated in COVID-19 driven closed-showroom environment.
- Growing Product Relevancy and Innovation: Brand and portfolio of products increasingly relevant in current environment; new product introductions centered around innovation
- Expanding Portfolio of Unique, Sustainable, Patent Differentiated Product: Products are shippable, durable, washable and easily changeable with a focus on sustainability, given our Designed For Life philosophy, and differentiated by patents

- (e) Represents the impairment of property and equipment.
- (f) Other non-recurring expenses in fiscal 2021 are related to \$36 in professional and legal fees related to financing initiatives. Other non-recurring expenses in fiscal 2020 are made up of: (1) \$152 in recruitment fees to build executive management team and Board of Directors; (2) \$268 in fees associated with our primary and secondary shares offerings and (3) \$83 in financing fees associated with our secondary offering.

Q1 FY2022 and Q1 FY2023 Metrics

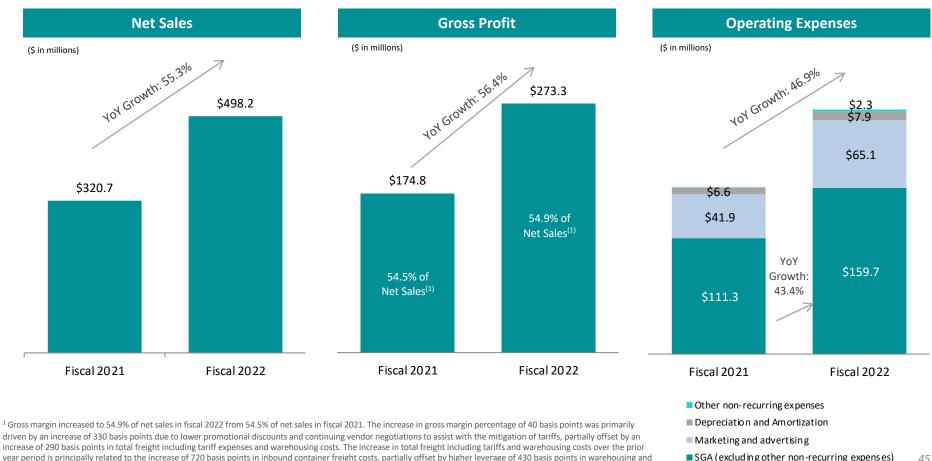

¹ Gross margin decreased 450 basis points to 51.1% of net sales in the first quarter of fiscal 2023 from 55.6% of net sales in the prior year period primarily driven by an increase of approximately 640 basis points in total distribution and related tariff expenses partially offset by an improvement of 190 basis points in product margin. The increase in total distribution and related tariff expenses over the prior year period is principally related to the negative impact of a 630 basis points increase in inbound transportation costs. The product margin rate improvement is due to lower promotional discounting and continuing vendor negotiations to assist with the mitigation of tariffs.

SGA

¹ The 450 basis points increase in gross margin versus the prior year period reflects 400 basis points improvement in gross profit as a result of a reduction in promotional discounts, higher sactional product mix impact related to premium covers, reduced inventory reserve levels, and lower product costs related to vendor negotiated tariff mitigation initiatives due to higher volume. Distribution expenses including warehousing, freight and tariff related expenses also improved by 50 basis points due to higher leverage on warehousing and tariff expenses, partially offset by deleverage in freight expense.
