# The Lovesac Company Announces Fourth Quarter and Fiscal 2020 Financial Results 

Fiscal 2020 Net Sales Increased 40.7\%
Fiscal 2020 Comparable Sales Increased 43.4\%
STAMFORD, Conn., April 16, 2020 (GLOBE NEWSWIRE) -- The Lovesac Company (Nasdaq: LOVE) ("Lovesac" or the "Company") today announced its financial results for the fourth quarter and fiscal year 2020, which ended February 2, 2020.

Shawn Nelson, Chief Executive Officer, stated, "We are pleased with our fourth quarter results, which were in line with our January update. Our pressing priority now, however, is vigilantly safeguarding the health and safety of our associates and customers during the rapidly-evolving COVID-19 pandemic. As previously announced, we extended our March 17th temporary showroom closures until further notice, have implemented work from home policies, and continue to enforce strict sanitization procedures across our operations."

Mr. Nelson added, "While our showrooms remain closed, we are leveraging our distinct DTC competitive and online advantages that replicate Lovesac's in-store experience, and, as a result, we have experienced a surge in e-commerce demand. We are adapting traditional, social and digital marketing strategies in real-time to support this opportunity. Preserving our financial health and flexibility is also a key priority, and we are aggressively managing all expenses, working capital and capital expenditures. These efforts, combined with our strong net cash balance, position us to weather this period and resume our full growth trajectory as soon as the situation permits."

## Highlights for the Fourth Quarter Ended February 2, 2020:

- Net sales increase of $43.6 \%$ was driven by a $21.3 \%$ increase in showroom count over the same quarter in the prior year, a total comparable sales increase of $49.1 \%$, and an increase of $53.1 \%$ in "Other" sales (which includes shop-in-shops and pop-up-shops).
- The gross profit increase of $27.2 \%$ was primarily due to the increase in sales as well as a decrease in costs of sactional products driven by sourcing shifts, partially offset by the impact of tariffs. The 630 basis points decrease in gross margin versus the prior year was driven primarily by the impact of the $25 \%$ China tariffs and additional promotional activity, partially offset by the reduced costs of sactional products.
- SG\&A expense in the fourth quarter of fiscal 2020 did not include any one-time IPO, financing or offering charges while SG\&A expense in the fourth quarter of fiscal 2019 included $\$ 70 \mathrm{~K}$ of expenses related to the secondary offering relating to legal and professional fees. Excluding one-time items in both periods, SG\&A expense increased $30.1 \%$ primarily due to expenses associated with the sales increases, infrastructure improvements, and stock compensation.
- Advertising and marketing expense in the fourth quarter of fiscal 2020 increased approximately $102 \%$ over the prior year quarter principally due to increased media and direct-to-consumer program spend which contributed to the fourth quarter sales increase over prior year.
- Operating income decreased to $\$ 5.3$ million in the fourth quarter of fiscal 2020 from $\$ 8.2$ million in the fourth quarter of fiscal 2019 for the reasons explained above. Operating margin decreased to $5.8 \%$ of net sales from $12.8 \%$ of net sales in the prior year period.
- Net income was $\$ 5.4$ million in the fourth quarter of fiscal 2020 compared to $\$ 8.4$ million in the prior year period. Adjusted net income was $\$ 5.4$ million in the fourth quarter of fiscal 2020, compared to $\$ 8.5$ million in the fourth quarter of fiscal 2019 (see "GAAP and Non-GAAP Measures").

## Highlights for the Year Ended February 2, 2020:

- Net sales increase of $40.7 \%$ was driven by a $21.3 \%$ increase in showroom count over the prior year, a total comparable sales increase of $43.4 \%$, and an increase of $49.8 \%$ in "Other" sales (which includes shop-in-shops and pop-up-shops).
- The gross profit increase of $28.4 \%$ was primarily due to the increase in sales along with a decrease in costs of sactional products related to sourcing shifts, partially offset by the impact of tariffs. The 480 basis points decrease in gross margin was driven primarily by the impact of the $25 \%$ China tariffs and additional promotional activity, partially offset by the reduced costs of sactional products.
- SG\&A expense includes $\$ 351 \mathrm{~K}$ of expenses related to fees associated with the Company's primary and secondary share offerings in fiscal 2020 and $\$ 4.1$ million in fiscal 2019 related to various IPO and financing related expenses outlined in the Net Income (Loss) Reconciliation schedule below. Excluding these one-time items in both periods, SG\&A expense increased $35.2 \%$ primarily due to increases in selling related expenses, employment costs, infrastructure improvements, and stock compensation.
- Advertising and marketing expense in fiscal 2020 increased approximately 59\% over the prior year principally due to increased media and direct-to-consumer program spend which contributed to the sales increase over the prior year.
- Operating loss increased to (\$15.8) million in fiscal 2020 from an operating loss of ( $\$ 7.0$ ) million in fiscal 2019 for the reasons stated above. Operating margin decreased to (6.8\%) of net sales from (4.2\%) of net sales in the prior year.
- Net loss was (\$15.2) million in fiscal 2020, compared to net loss of (\$6.7) million in fiscal 2019. Adjusted net loss was (\$14.9) million in fiscal 2020, compared to adjusted net loss of (\$2.6) million in fiscal 2019 (see "GAAP and Non-GAAP Measures").

## Non-GAAP Information

This press release includes the following financial measures defined as non-GAAP financial measures by the Securities and Exchange Commission (the "SEC"): Adjusted Net Loss and Adjusted EBITDA. Adjusted Net Loss excludes the effect of one-time costs related to the Company's IPO in June 2018 and fees associated with fundraising and reorganizing activities. We define Adjusted EBITDA as net loss less interest income, plus income tax expense, depreciation and amortization, management fees, deferred rent, equity-based compensation, net (gain) or loss on the disposal of property and equipment, one-time IPOrelated expenses, and fees associated with fundraising and reorganizing activities. The Company has reconciled these non-GAAP financial measures with the most directly comparable GAAP financial measures hereunder. The Company believes that these nonGAAP financial measures not only provide its management with comparable financial data for internal financial analysis but also provide meaningful supplemental information to investors. Specifically, these non-GAAP financial measures allow investors to better understand the performance of the Company's business and facilitate a more meaningful comparison of its actual results on a period-over-period basis. The Company has provided this information as a means to evaluate the results of its ongoing operations. Other companies in the Company's industry may calculate these items differently than the Company does. Each of these measures is not a measure of performance under GAAP and
should not be considered as a substitute for the most directly comparable financial measures prepared in accordance with GAAP, such as net income/loss. Non-GAAP financial measures have limitations as analytical tools, and investors should not consider them in isolation or as a substitute for analysis of the Company's results as reported under GAAP.

We may not actually achieve the plans, carry out the intentions or meet the expectations disclosed in the forward-looking statements and you should not place undue reliance on these forward-looking statements. Actual results and performance could differ materially from those projected in the forward-looking statements as a result of many factors. The preliminary financial results included in this press release represent the most current information available to management. The Company's actual results when disclosed on the Company's fourth quarter and fiscal year 2020 earnings conference call may differ from these preliminary results as a result of the completion of the Company's financial closing procedures; final adjustments; completion of the audit by the Company's independent registered accounting firm; and other developments that may arise between now and the disclosure of the final results. Among the key factors that could cause actual results to differ materially from those expressed or implied in the forward-looking statements are the risk of disruptions to current plans and operations, including the timing of openings of new showrooms that further shift expect growth to later periods, slower than expected growth during the fourth quarter and risks related to tariffs, the countermeasures and mitigation steps that we adopt in response to tariffs and other similar issues, as well as those risks and uncertainties disclosed under the sections entitled "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our most recent Form 10-K and Form 10-Q filed with the Securities and Exchange Commission, and similar disclosures in subsequent reports filed with the SEC, which are available on our investor relations website at investor.lovesac.com and on the SEC website at www.sec.gov.
