

### DISCLAIMER

#### **Forward-Looking Statements**

This presentation contains forward-looking statements about the BRC Inc. (the "Company", "we", "us" and "our") and its industry that involve substantial risks and uncertainties. All statements other than statements of historical fact contained in this presentation, including statements regarding the Company's intentions, beliefs or current expectations concerning the Company's financial condition, liquidity, prospects, growth, strategies, future market conditions, developments in the capital and credit markets and expected future financial performance, as well as any information concerning possible or assumed future results of operations, are forward-looking statements. In some cases, you can identify forward-looking statements because they contain words such as "anticipate," "believe," "continue," "could," "estimate," "expect," "intends," "may," "might," "plan," "possible," "potential," "predict," "project," "should," "will," "would" and similar expressions, but the absence of these words does not mean that a statement is not forward-looking. The events and circumstances reflected in the Company's forward-looking statements may not be achieved or occur and actual results could differ materially from those projected in the forward-looking statements. Factors that may cause such forward-looking statements to differ from actual results include, but are not limited to: competition and our ability to grow, manage sustainable expansion, and retain key employees; failure to compete effectively with other producers, distributors and retailers of coffee and energy drinks; our limited operating history, which may hinder the successful execution of strategic initiatives and make it difficult to assess future risks and challenges; challenges in managing rapid growth, inventory needs, and relationships with key business partners; inability to raise additional capital necessary for business development; failure to achieve or sustain long-term profitability; inability to effectively manage debt obligations; failure to maximize the value of assets received through bartering transactions; negative publicity affecting our brand, reputation, or that of key employees; failure to uphold our position as a supportive member of the Veteran and military communities, or other factors negatively affecting brand perception; inability to establish and maintain strong brand recognition through intellectual property or other means; shifts in consumer spending, lack of interest in new products or changes in brand perception upon evolving consumer preferences and tastes; unsuccessful marketing campaigns that incur costs without attracting new customers or realizing higher revenue; failure to attract new customers or retain existing customers; risks associated with reliance on social media platforms, including dependence on third-party platforms for marketing and engagement; declining performance of the direct to consumer revenue channel; inability to effectively manage or scale distribution through Wholesale business partners, particularly key Wholesale partners; failure to manage supply chain operations effectively, including inaccurate forecasting of raw material and co-manufacturing requirements; loss of one or more co-manufacturers or production delays, quality issues, or labor-related disruptions affecting manufacturing output; supply chain disruptions or failures by third-party suppliers to deliver coffee, store supplies, RTD beverage ingredients, or merchandise, including disruptions caused by external factors; ongoing risks related to supply chain volatility and reliability, including political and climate risks; fluctuations in the market for high-quality coffee beans and other key commodities; unpredictable changes in the cost and availability of real estate, labor, raw materials, equipment, transportation, or shipping; failure to successfully open new Black Rifle Coffee shops, including permitting delays, development challenges, or underperformance of existing locations; risks related to long-term, non-cancelable lease obligations and other real estaterelated concerns; inability of franchise partners to successfully operate and manage their franchise locations; failure to maintain high-quality customer experiences for retail partners and end users, including production defects or issues caused by co-manufacturers that negatively impact product quality and brand reputation; failure to comply with food safety regulations or maintain product quality standards; difficulties in successfully expanding into new domestic and international markets; failure to comply with federal, state, and local laws and regulations, or inability to prevail in civil litigation matters; risks related to potential unionization of employees; failure to protect against cybersecurity threats, software vulnerabilities, or hardware security risks; and other risks and uncertainties indicated in our Annual Report on Form 10-K for the year ended December 31, 2024 filed with the Securities and Exchange Commission (the "SEC") on March 3, 2025 including those set forth under "Item 1A. Risk Factors" included therein, as well as in our other filings with the SEC. Such forward-looking statements are based on information available as of the date of this presentation and the Company's current beliefs and expectations concerning future developments and their effects on the Company. Because forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified, you should not place undue reliance on these forward-looking statements as predictions of future events. Although the Company believes that it has a reasonable basis for each forward-looking statement contained in this presentation, the Company cannot guarantee that the future results, growth, performance or events or circumstances reflected in these forward-looking statements will be achieved or occur at all. These forward-looking statement speak only as of the date of this presentation. The Company does not undertake any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.

#### **Non-GAAP Financial Measures**

To evaluate the performance of our business, we rely on both our results of operations recorded in accordance with generally accepted accounting principles in the United States ("GAAP") and certain non-GAAP financial measures, including EBITDA, Adjusted EBITDA, and Free Cash Flow. These measures, as defined below, are not defined or calculated under principles, standards or rules that comprise GAAP. Accordingly, the non-GAAP financial measures we use and refer to should not be viewed as a substitute for performance measures derived in accordance with GAAP or as a substitute for a measure of liquidity. Our definitions of EBITDA, Adjusted EBITDA, and Free Cash Flow described below are specific to our business and you should not assume that they are comparable to similarly titled financial measures of other companies. Further information relevant to the interpretation of non-GAAP financial measures, and reconciliations of these non-GAAP financial measures to the most comparable GAAP measures, may be found in Slides 26-28 of this presentation.

We define EBITDA as net income (loss) before interest, tax expense, depreciation and amortization expense. We define Adjusted EBITDA, as adjusted for equity-based compensation, system implementation costs, executive recruiting and severance, write-off of site development costs, strategic initiative related costs, non-routine legal expenses, RTD start-up production issues, (gain) loss on assets held for sale, contract termination costs, restructuring fees and related costs, RTD transformation costs, and loss on impairment of assets.

When used in conjunction with GAAP financial measures, we believe that EBITDA and Adjusted EBITDA are useful supplemental measures of operating performance and liquidity because these measures facilitate comparisons of historical performance by excluding non-cash items such as equity-based compensation and other amounts not directly attributable to our primary operations, such as system implementation costs, write-off of site development costs, non-routing legal expense, restructuring fees and related costs, RTD transformation costs and loss on impairment of assets. Adjusted EBITDA is also a key metric used internally by our management to evaluate performance and develop internal budgets and forecasts. EBITDA and Adjusted EBITDA have limitations as an analytical tool and should not be considered in isolation or as a substitute for analyzing our results as reported under GAAP and may not provide a complete understanding of our operating results as a whole. Some of these limitations are (i) they do not reflect changes in, or cash requirements for, our working capital needs, (ii) they do not reflect our interest expense or the cash requirements necessary to service interest or principal payments on our debt, (iii) they do not reflect our tax expense or the cash requirements to pay our working capital expenditures or contractual commitments, (v) although equity-based compensation expenses are non-cash charges, we rely on equity compensation to compensate and incentivize employees, directors and certain consultants, and we may continue to do so in the future and (vi) although depreciation, amortization and impairments are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and these non-GAAP measures do not reflect any cash requirements for such replacements.

Free Cash Flow is a non-GAAP liquidity measure used by investors, financial analysts and management to help evaluate the Company's ability to generate cash to pursue opportunities that enhance shareholder value. We define Free Cash Flow as net cash provided by (used in) operating activities less cash outflows for purchases of property, plant and equipment. We believe the presentation of Free Cash Flow is relevant and useful for investors because it measures cash generated internally that is available to service debt and fund inorganic growth or acquisitions. Free Cash Flow is the cash flow from operations after payment of capital expenditures that we can use to invest in our business and meet our current and future financing needs. Free Cash Flow is limited due to the fact that this is not a measure of residual cash flow available for discretionary expenditures due to the payments required for debt service and other financing activities.

#### Forward Looking Non-GAAP Financial Measures

This presentation also includes certain forward-looking non-GAAP financial measures, specifically Adjusted EBITDA. We have not reconciled forward-looking Adjusted EBITDA to its most directly comparable GAAP measure, net income (loss) in reliance on the unreasonable efforts exception provided under Item 10(e)(1)(i)(B) of Regulation S-K. We cannot predict with reasonable certainty the ultimate outcome of certain components of such reconciliation, including market-related assumptions that are not within our control, or others that may arise, without unreasonable effort. For these reasons, we are unable to assess the probable significance of the unavailable information, which could materially impact the amount of future net income (loss). See "Non-GAAP Financial Measures" for additional important information regarding Adjusted EBITDA.

Steve Kadenacy

**Chief Financial Officer** 

Matt McGinley

**VP Investor Relations** 

Black Rifle made significant progress in strengthening our operations, bolstering our market presence, and improving profitability over the past year. With expanded coffee distribution, the launch of Black Rifle Energy™, and our strategic partnerships with Keurig Dr Pepper (KDP), we have built a strong foundation for long-term growth. While there is still work to be done in 2025, I am confident in our ability to execute on our strategy and build momentum. Our commitment to serving veterans and first responders remains at the heart of our mission, and I'm proud of the lasting impact we've made in the communities we serve — an impact that will continue to grow as we scale and expand our reach.

- Chris Mondzelewski, President and CEO

- Represents the non-cash expense related to our equity-based compensation arrangements for employees, directors, and consultants.
- Represents non-capitalizable costs (e.g. pre-implementation discovery, training, and post-implementation monitoring) associated with the implementation of our enterprise resource planning ("ERP") system and e-commerce platform. For the quarter ended December 31, 2023, \$0.2 million of costs were related to our ERP system re-implementation and \$0.3 million of costs were related to our ERP reimplementation and \$1.0 million of costs were related to our e-commerce platform implementation. For the quarter ended December 31, 2024, there were no costs related to our ERP system re-implementation or our e-commerce platform implementation. year ended December 31, 2024, \$0.3 million of costs were related to our ERP re-implementation and \$0.2 million of costs were related to our e-commerce platform implementation.
- Represents payments made for executive recruitment and severance connected with RTD transformation. These expenses were incurred as part of replacing several members of management to meet the needs of the Company's transformation of its RTD business. For the quarter ended December 31, 2023, total costs are related to executive recruiting expenses only. For the year ended December 31, 2023, \$0.6 million of costs were related to executive recruiting and \$0.5 million of costs were related to executive recruiting expenses. We previously reported \$1.5 million of executive recruiting, relocation and sign-on bonus for the year ended December 31, 2023. The incremental \$0.4 million previously reported relates to relocation and sign-on bonuses which are no longer reported as adjustments to
- Represents the write-off of development costs for discontinued retail locations.
- Represents fees paid to consultants to assist the Company in RTD transition and FDM Wholesale expansion.
- Represents legal costs and fees incurred in connection with certain non-routine legal disputes consisting of certain claims relating to the exercise of certain warrants issued in connection with our business combination and a commercial dispute with a former consultant resulting from the Company in-housing certain activities. Legal costs of \$0.3 million and \$2.9 million for the quarter ended December 31, 2024 and 2023, respectively and \$2.6 million and \$9.8 million for the year ended December 31, 2024 and 2023, respectively were related to the legal disputes for claims related to the legal disputes for claims related to the legal dispute with a former
- Represents non-cash costs and expenses incurred as a result of our RTD start-up and production issue. For the year ended December 31, 2023, \$0.7 million of costs were related to our co-manufacturer production quality hold, \$0.7 million of costs were related to the write down of excess raw materials, and \$1.0 million of costs were related RTD transition expenses.
- Represents the adjustment recorded to recognize assets held for sale at their estimate net realizable value less estimated cost to sell.
- Represents costs incurred for early termination of software and service contracts.
- Represents restructuring advisory fees, severance, and other related costs associated with RTD transformation. For the quarter ended December 31, 2023, \$1.5 million of costs were related to severance expense and \$0.2 million of costs were related to our SLC production shutdown. For the year ended December 31, 2024, \$0.3 million of costs were related to severance expense. For the year ended December 31, 2023, \$2.4 million of costs were related to restructuring advisory fees, \$3.5 million of costs were related to severance expense, \$0.4 million of costs were related to termination of leases, and \$0.5 million of costs were related to our SLC production shutdown.
- Represents non-cash or non-operational costs associated with the transformation of our RTD business (excluding those reported separately in footnotes (3) and (10) above). Costs of \$9.1 million for the quarter ended December 31, 2023 and \$10.3 million for the year ended December 31, 2023 were related to inventory write-off due to significant unusual costs related to the write-off of RTD inventory in accordance with our normal inventory write-off policy. Costs of \$4.1 million for the quarter ended December 31, 2023 and \$2.3 million and \$5.5 million for the year ended December 31, 2024 and 2023, respectively were related to the discount from the contract price for a barter transaction whereby our inventory was exchanged for prepaid marketing. Costs of \$1.5 million for the quarter ended December 31, 2023 and \$2.0 million for the year ended December 31, 2023 were related to costs incurred to renegotiate legacy contracts with our co-manufacturers. Costs of \$0.5 million for the year ended December 31, 2023 and \$1.2 million for the year ended December 31 2023 were related to incurred losses related to the liquidation of RTD finished goods inventory whereby inventory was sold at a substantial loss. RTD transformation costs as described in this footnote will no longer be presented as an adjustment to EBITDA beginning in the first quarter of 2025.

|---|----------------------------|---------|----|---------|-------------------------|---------|----|----------|--|--|
|   |                            | 2024    |    | 2023    |                         | 2024    |    | 2023     |  |  |
| Net cash provided by (used in) operating activities | \$                         | 2,163   | \$ | 15,392  | \$                      | 11,308  | \$ | (24,967) |  |  |
| Capital expenditures                                |                            | (1,659) |    | (8,348) |                         | (8,666) |    | (27,220) |  |  |
| Free Cash Flow                                      | S                          | 504     | \$ | 7,044   | S                       | 2,642   | \$ | (52,187) |  |  |

### **2025 OUTLOOK**

### For the full-year fiscal 2025, the Company expects:

|                          |        | FY2024  | FY2025 Gu | iidance |
|--------------------------|--------|---------|-----------|---------|
|                          | _      | Actual  | Low       | High    |
| Net Revenue <sup>1</sup> |        | \$391.5 | \$395.0   | \$425.0 |
|                          | Growth | (1%)    | 1%        | 9%      |
| Gross Margin             |        | 41%     | 37%       | 39%     |
| Adj. EBITDA <sup>2</sup> |        | \$39.3  | \$20.0    | \$30.0  |

<sup>(1)</sup> A barter transaction favorably impacted Net Revenue by \$28.9 million and \$23.9 million in 2023 and 2024, respectively.

<sup>(2)</sup> In 2024, adjusted EBITDA included \$2.3 million in RTD transformation costs, which will be excluded moving forward. Excluding this adjustment, comparable adjusted EBITDA for FY2024 was \$37.1 million.
