Capstone Energy+ to Host First Quarter Fiscal Year 2027 Earnings Conference Call and Webcast on August 12, 2026

LOS ANGELES--(BUSINESS WIRE)--

Capstone Energy+, Inc. (NASDAQ: CEPL) (“Capstone” or the “Company”), a leading provider of behind-the-meter clean microturbine energy solutions for industrial and commercial businesses, as well as solutions designed for emerging data center applications, today announced it will host its First Quarter Fiscal Year 2027 earnings conference call and webcast on Wednesday, August 12, 2026, at 1:45 p.m. Pacific Time (4:45 p.m. Eastern Time).

Capstone will release its financial results for the fiscal first quarter ended June 30, 2026, after market close on the same day, prior to the call. Company management will discuss quarterly performance, operational highlights, and strategic progress, followed by a live Q&A session.

Earnings Conference Call and Webcast Details

Date: Wednesday, August 12, 2026

Time: 1:45 p.m. PT / 4:45 p.m. ET

Participant Dial-In Details:

- North America Toll-Free: (833) 461-5787
- International Toll: +1 (585) 542-9983
- Conference ID: 809 321 732

Webcast Access:

The live webcast will be available via the Investor Relations section of Capstone’s website or directly at: [Capstone Energy+, Inc., Q1 FY2027 Earnings Webcast](#)

Following prepared remarks, management will host a question-and-answer session for analysts and address select questions submitted by webcast participants. A replay of the webcast will be archived on the Company’s website for a minimum of 90 days.

About Capstone Energy+

For nearly four decades, Capstone Energy+ has designed, developed, and delivered proven behind-the-meter, on-site energy solutions that help businesses operate with certainty in an

increasingly constrained power environment. Our evolution from “Green” to “Plus” reflects who we are today, delivering clean, innovative energy solutions that go beyond electricity.

Capstone Energy+: On Site. On Demand. Always On.

With more than 10,800 units shipped across 89 countries through our global distributor network, Capstone provides highly reliable, low-maintenance, fuel-flexible power systems engineered for mission-critical operations. Built on our core 30kW, 65kW, and 200kW microturbine platforms, our scalable multi-megawatt solutions are designed for rapid deployment, continuous operation, and simplified maintenance.

Capstone Energy+ serves critical industries including data centers, hospitals, agriculture, and industrial facilities where uptime and energy certainty are essential. Beyond power generation, our solutions support the circular economy by converting waste streams into usable fuel and capturing waste heat to produce valuable thermal energy with a lower carbon footprint.

To support evolving customer needs, Capstone also offers flexible Energy as a Service solutions, including power purchase or energy service agreements (PPAs/ESAs), leasing, rentals, and embedded service contracts (ESCs) designed to reduce upfront costs, accelerate deployment, and provide life-cycle cost predictability.

Our modular, plug-and-play architecture enables customers to scale quickly, reduce integration risk, and adapt to growing energy demands with resilient, always-available power solutions.
