Biggest Medical Breakthroughs and Milestones of the Last Decade Broadcast on SIRIUS XM's 'Doctor Radio' Channel

On "The Dean's List: A Decade in Medicine," Dr. Andrew Brotman, Vice Dean for Clinical Affairs, NYU Langone Medical Center, and top specialists break down the biggest medical advances of last ten years for nationwide audience

Topics include robotic surgery, the first human face transplant, Botox, cervical cancer vaccines, minimally invasive organ removal, advances in heart valve replacement, infertility treatments and more

NEW YORK, Jan. 8 /PRNewswire-FirstCall/ -- SIRIUS XM Radio (Nasdaq: SIRI) today announced that it will broadcast *The Dean's List: A Decade in Medicine*, an in-depth special exploring the medical breakthroughs and milestones of the last ten years hosted by Dr. Andrew Brotman, Vice Dean for Clinical Affairs, NYU Langone Medical Center, on Doctor Radio, SIRIUS XM's 24/7 health and medical channel.

(Logo: <http://www.newscom.com/cgi-bin/prnh/20080819/NYTU044LOGO>)

Dr. Brotman and his distinguished panel of world-class doctors from the NYU Langone Medical Center -- Dr. Aubrey Galloway, Seymour Cohn Professor and Chairman of Department of Cardiothoracic Surgery; Dr. H. Leon Pachter, George David Stewart Professor and Chairman, Department of Surgery; Dr. David Keefe, Professor and Chairman, Department of Obstetrics and Gynecology -- will look back at the medical research, discoveries and breakthroughs from the last decade spanning fields including surgery, genetics, infertility treatments, vaccines, organ removal, and heart surgery, and look ahead to what the future holds for these areas and many others.

The Dean's List: A Decade in Medicine will air on January 9 at 12:00 pm ET on Doctor Radio, SIRIUS channel 114 and XM channel 119. It will replay January 9 at 8:00 pm ET and January 10 at 7:00 pm ET.

Topics include the first ever full facial transplant (performed at The Cleveland Clinic); the mapping of the human genome; the first vaccine for HPV, the human papillomavirus; the FDA's approval of Botox for cosmetic use; the first non-invasive removal of a kidney through a patient's naval; and more.

On *The Dean's List*, Dr. Brotman explores the worlds of health care and medicine, the latest medical research and breakthroughs, cutting-edge medical technologies and the issues affecting the way doctors practice medicine. Dr. Brotman is also a Professor of Psychiatry at the NYU School of Medicine.

Doctor Radio features live, call-in shows hosted by leading NYU Langone Medical Center doctors from a vast array of fields including: child psychology; sexual health; plastic surgery; emergency room medicine; cancer; heart health; women's health; dermatology; pediatrics; men's health; diet and nutrition; sports medicine; psychiatry; and more. This communication contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements about the benefits of the business combination transaction involving SIRIUS and XM, including potential synergies and cost savings and the timing thereof, future financial and operating results, the combined company's plans, objectives, expectations and intentions with respect to future operations, products and services; and other statements identified by words such as "will likely result," "are expected to," "anticipate," "believe," "plan," "estimate," "intend," "will," "should," "may," or words of similar meaning. Such forward-looking statements are based upon the current beliefs and expectations of SIRIUS' and XM's management and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are difficult to predict and generally beyond the control of SIRIUS and XM. Actual results may differ materially from the results anticipated in these forward-looking statements.

The following factors, among others, could cause actual results to differ materially from the anticipated results or other expectations expressed in the forward-looking statement: our substantial indebtedness; the businesses of SIRIUS and XM may not be combined successfully, or such combination may take longer, be more difficult, time-consuming or costly to accomplish than expected; the useful life of our satellites; our dependence upon automakers and other third parties; our competitive position versus other forms of audio and video entertainment; and general economic conditions. Additional factors that could cause SIRIUS' and XM's results to differ materially from those described in the forward-looking

statements can be found in SIRIUS' Annual Report on Form 10-K for the year ended December 31, 2008 and XM's Annual Report on Form 10-K for the year ended December 31, 2008, which are filed with the Securities and Exchange Commission (the "SEC") and available at the SEC's Internet site (<http://www.sec.gov>). The information set forth herein speaks only as of the date hereof, and SIRIUS and XM disclaim any intention or obligation to update any forward looking statements as a result of developments occurring after the date of this communication.
