FORWARD-LOOKING STATEMENT

This presentation contains forward-looking statements within the meaning of U.S. federal securities laws. These forward-looking statements include, but are not limited to, statements regarding our expectations, hopes, beliefs, intentions, plans, prospects or strategies regarding the future. Any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements. In addition, any statements that refer to projections, forecasts or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. The forward-looking statements contained in this presentation are based on our current expectations and beliefs concerning future developments and their potential effects on us. There can be no assurance that future developments affecting us will be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.

OVERVIEW

Global mid-size provider of end-to-end EMS

- ✓ PCBA production
- ✓ Systems integration
- ✓ Comprehensive testing services
- ✓ Product design
- ✓ Vertical integration
- ✓ Enclosure fabrication
- ✓ Sustaining engineering
- ✓ Supply chain management services
- ✓ Support and maintenance from product development to end-of-life transitioning
