

Cleveland-Cliffs and United Steelworkers to Host Senior U.S. Government Officials at its Coatesville, Pennsylvania Steel Plant

CLEVELAND--(BUSINESS WIRE)-- Cleveland-Cliffs Inc. Cleveland-Cliffs Coatesville specializes in the production of steel plate for military and commercial shipbuilding industries.

Lourenco Goncalves, Cleveland-Cliffs' Chairman, President and Chief Executive Officer stated, "It is our honor to host Ambassador Tai, Acting Secretary Su, and Congresswoman Houlahan at Cleveland-Cliffs Coatesville. We look forward to demonstrating the strong working partnership between Cleveland-Cliffs and the USW that enables the production of advanced steel plate demanded by the U.S. military, the commercial shipbuilding industry and numerous other critical infrastructure sectors. We expect that the upcoming visit will further strengthen the conviction of Ambassador Tai, Acting Secretary Su and Congresswoman Houlahan that critical manufacturing industries, such as steelmaking, are inextricably linked to our country's economic stability and U.S. national security."
