GREENEVILLE, Tenn.--(BUSINESS WIRE)-- Forward Air Corporation (NASDAQ: FWRD) (the "Company" or "Forward") is executing a growth strategy that involves organic infrastructure investments, such as its ongoing LTL network expansion, as well as inorganic investments, including acquisitions of complementary businesses. Today, Forward announced the release of its updated Environmental, Social and Governance (ESG) report, providing a detailed overview of the Company's ESG commitments through a new ESG-specific website.

In March, 2021, Forward published its first ESG report, signaling the Company's commitment to building an operational model focused on sustainability, governance and accountability. The Company's 2022 ESG report reinforces Forward's intent to make a positive impact on its business, its people and the environment.
