**Kevin Crowe, Senior Vice President and Head of SEI Access, said:**

"The demand for personalization, choice, and an end-to-end investment experience continues to increase, and our ecosystem provides both expanded distribution opportunities for fund managers and broader access to private markets for wealth managers and advisors. We're thrilled to welcome these fund managers, who are key providers in the alternatives landscape. As interest in SEI Access continues to grow, we're focused on building even more direct connections between fund managers and wealth managers to make investing in alternatives more efficient."

SEI Access aims to provide a public markets experience for private markets by offering wider access to in-demand alternative investment products across a variety of asset classes and fund managers through a digital marketplace. SEI Access is broadly available to all registered investment advisors, wealth managers, and broker-dealers in the U.S., subject to applicable eligibility and regulatory requirements.

Since the platform's inception in 2019, SEI Access has had more than 23,500 subscriptions and processed more than \$5.1 billion in alternatives transactions.

### **About SEI®**

SEI (NASDAQ:SEIC) is a leading global provider of financial technology, operations, and asset management services within the financial services industry. SEI tailors its solutions and services to help clients more effectively deploy their capital—whether that's money, time, or talent—so they can better serve their clients and achieve their growth objectives. As of June 30, 2025, SEI manages, advises, or administers approximately \$1.7 trillion in assets. For more information, visit [seic.com](https://seic.com).

### **About SEI Access™**

SEI Access™ is an end-to-end alternatives platform designed to improve the product selection and investment experience for registered investment advisors, broker-dealers, private banks, and their clients. Alternative investment fund managers use the end-to-end service to access a wider distribution network and manage the subscription process more easily. The platform's smart workflow combines electronic subscription documents, proprietary firm paperwork, custodian forms, and e-signature capabilities to help ensure fast and accurate transaction processing.

Alternative investments are subject to a complete loss of capital and are only appropriate for parties who can bear that risk and the illiquid nature of such investments.
