# Atara Biotherapeutics To Participate at the Stifel Virtual Cell Therapy Forum

THOUSAND OAKS, Calif.--(BUSINESS WIRE)-- [Atara Biotherapeutics, Inc.](#) (Nasdaq: ATRA), a leader in T-cell immunotherapy, leveraging its novel allogeneic Epstein-Barr virus (EBV) T-cell platform to develop transformative therapies for patients with cancer and autoimmune diseases, today announced that Pascal Touchon, President and Chief Executive Officer, will participate in a fireside chat at the Stifel Virtual Cell Therapy Forum on Tuesday, July 9, 2024 at 6:45 a.m. PDT / 9:45 a.m. EDT.

A live webcast of the presentation will be available by visiting the [Investors and Media](#) section of [atarabio.com](#). An archived replay of the webcast will be available on the Company's website for 30 days following the live presentation.

## About Atara Biotherapeutics, Inc.

Atara is harnessing the natural power of the immune system to develop off-the-shelf cell therapies for difficult-to-treat cancers and autoimmune conditions that can be rapidly delivered to patients from inventory. With cutting-edge science and differentiated approach, Atara is the first company in the world to receive regulatory approval of an allogeneic T-cell immunotherapy. Our advanced and versatile T-cell platform does not require T-cell receptor or HLA gene editing and forms the basis of a diverse portfolio of investigational therapies that target EBV, the root cause of certain diseases, in addition to next-generation AlloCAR-Ts designed for best-in-class opportunities across a broad range of hematological malignancies and B-cell driven autoimmune diseases. Atara is headquartered in Southern California. For more information, visit [atarabio.com](#) and follow [@Atarabio](#) on [X](#) and [LinkedIn](#).
