Atara Biotherapeutics to Participate at the Stifel 2024 Healthcare Conference

THOUSAND OAKS, Calif.--(BUSINESS WIRE)-- [Atara Biotherapeutics, Inc.](#) (Nasdaq: ATRA), a leader in T-cell immunotherapy, leveraging its novel allogeneic Epstein-Barr virus (EBV) T-cell platform to develop transformative therapies for patients with cancer and autoimmune diseases, today announced that Cokey Nguyen, Ph.D., President and Chief Executive Officer, will participate in a fireside chat at the Stifel 2024 Healthcare Conference on Monday, November 18, 2024 at 6:10 a.m. PST / 9:10 a.m. EST.

A live webcast of the presentation will be available by visiting the [Investors and Media](#) section of [atarabio.com](#). An archived replay of the webcast will be available on the Company's website for 30 days following the live presentation.

About Atara Biotherapeutics, Inc.

Atara is harnessing the natural power of the immune system to develop off-the-shelf cell therapies for difficult-to-treat cancers and autoimmune conditions that can be rapidly delivered to patients from inventory. With cutting-edge science and differentiated approach, Atara is the first company in the world to receive regulatory approval of an allogeneic T-cell immunotherapy. Our advanced and versatile T-cell platform does not require T-cell receptor or HLA gene editing and forms the basis of a diverse portfolio of investigational therapies that target EBV, the root cause of certain diseases, in addition to next-generation AlloCAR-Ts designed for best-in-class opportunities across a broad range of hematological malignancies and B-cell driven autoimmune diseases. Atara is headquartered in Southern California. For more information, visit [atarabio.com](#) and follow [@Atarabio](#) on [X](#) and [LinkedIn](#).
