**Year ended December 2019**

# **Country by Country Reporting – Merrill Lynch International (“MLI”)**

## **Reported under UK GAAP for year ended 31 December 2019**

A Country by Country Reporting (“CBCR”) obligation was introduced through Article 89 of the EU Directive 2013/36/EU, otherwise known as the Capital Requirements Directive IV (“CRD IV”). This document satisfies our reporting obligations for the 2019 financial year.

### **Nature of activities and geographical location**

MLI is Bank of America Corporation’s (“BAC”) largest operating subsidiary outside of the United States and was incorporated in 1988. MLI’s head office is in the United Kingdom, with branches in Qatar and Dubai, and a representative office in Zurich. MLI has the following subsidiary undertakings, Merrill Lynch Pierce Fenner & Smith Limited ('MLPF&S'), Bank of America Merrill Lynch UK Pension Plan Trustees Limited, Merrill Lynch Nominees Limited, Citygate Nominees Limited, S. N. C. Nominees Limited, N.Y. Nominees Limited, Chetwynd Nominees Limited and Fundo de Investimento Financeiro Multimercado Iceberg ('Iceberg'). The activity previously undertaken in the Stockholm branch has been undertaken by an EU affiliate from February 2019.

MLI is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority (Firm Reference Number: 147150). It is a Private unlimited company incorporated in England and Wales (Registered Number: 2312079). MLI is a wholly-owned indirect subsidiary of BAC, a regulated United States entity. An organisational chart depicting select major operating subsidiaries of BAC is available at

## Notes to the Report

The table above contains the following for MLI for the year ending 31 December 2019:

- The CBCR is prepared on a consolidated basis for MLI and its subsidiaries. Note that MLI's published financial statements are not consolidated as MLI is not required to prepare group accounts.
- Total tax paid shows the total tax MLI and its subsidiaries paid/suffered in each country in 2019. The total tax paid is then analysed into its components.
- Corporation tax, Bank Levy, Withholding Tax and Social Security represent the actual payments made to the tax authorities during 2019. Corporation tax is paid by another group company as 'paying entity' and the amount disclosed represents the total paid which is attributable to MLI. The actual payments made reflect elements relating to prior years and therefore the figures will not represent taxes charged in the period.
- Social security paid represents the payroll taxes paid by MLI, for MLI and one other group company (ML Invest Holdings), based on individual country rules.
- Irrecoverable VAT ('Value Added Tax') suffered has been calculated on the basis of the amounts accrued in the profit and loss account for the period. This is considered to be an appropriate representation of cash paid by the entity. Irrecoverable VAT is the cost borne by MLI of only being able to reclaim a proportion of the VAT the Company incurs. The numbers do not include any element of VAT collected from others or reclaimed.
- Bank levy is paid by another group company as 'paying entity'. The amount disclosed represents the amount of the total paid which is attributable to MLI. This tax does not relate directly to profits earned in the year and is a tax paid in the UK based on balance sheet liabilities.
- Withholding tax represents overseas tax suffered on dividends or other income received by the Head Office or branch that cannot be recovered by the company.
- In accordance with IFRS 10 - consolidated financial statements Iceberg is disclosed as a subsidiary undertaking. Under its legal form, Iceberg would not be classed as a subsidiary.
- The average number of employees is an average of monthly total full time equivalent employees, based on employees legally employed by MLI and its subsidiaries excluding contractors. The financial statements include contractors.

## ***Independent auditors' report to the directors of Merrill Lynch International***

### **Report on the audit of the country-by-country information**

#### **Opinion**

In our opinion, Merrill Lynch International's country-by-country information for the year ended 31 December 2019 has been properly prepared, in all material respects, in accordance with the requirements of the Capital Requirements (Country-by-Country Reporting) Regulations 2013.

We have audited the country-by-country information for the year ended 31 December 2019 in the Country-by-Country Report.

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)"), including ISA (UK) 800 and ISA (UK) 805, and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the country-by-country information section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### ***Independence***

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the country-by-country information in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

#### **Emphasis of matter - Basis of preparation**

In forming our opinion on the country-by-country information, which is not modified, we draw attention to page 4 of the country-by-country information which describes the basis of preparation. The country-by-country information is prepared for the directors for the purpose of complying with the requirements of the Capital Requirements (Country-by-Country Reporting) Regulations 2013. The country-by-country information has therefore been prepared in accordance with a special purpose framework and, as a result, the country-by-country information may not be suitable for another purpose.

## ***Independent auditors' report to the directors of Merrill Lynch International (continued)***

### **Conclusions relating to going concern**

We have nothing to report in respect of the following matters in relation to which ISAs (UK) require us to report to you when:

- the directors' use of the going concern basis of accounting in the preparation of the country-by-country information is not appropriate; or
- the directors have not disclosed in the country-by-country information any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the country-by-country information is authorised for issue.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

### **Responsibilities for the country-by-country information and the audit**

#### *Responsibilities of the directors for the country-by-country information*

The directors are responsible for the preparation of the country-by-country information in accordance with the requirements of the Capital Requirements (Country-by-Country Reporting) Regulations 2013 as explained in the basis of preparation in the notes to the country-by-country information, and for determining that the basis of preparation and accounting policies are acceptable in the circumstances. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of country-by-country information that is free from material misstatement, whether due to fraud or error.

In preparing the country-by-country information, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

#### *Auditors' responsibilities for the audit of the country-by-country information*

It is our responsibility to report on whether the country-by-country information has been properly prepared in accordance with the relevant requirements of the Capital Requirements (Country-by-Country Reporting) Regulations 2013.

## ***Independent auditors' report to the directors of Merrill Lynch International (continued)***

Our objectives are to obtain reasonable assurance about whether the country-by-country information as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this country-by-country information.

A further description of our responsibilities for the audit of the country-by-country information is located on the FRC's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditors' report.

### ***Use of this report***

This report, including the opinion, has been prepared for and only for the company's directors in accordance with the Capital Requirements (Country-by-Country Reporting) Regulations 2013 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come, save where expressly agreed by our prior consent in writing.
