About TerrAscend

TerrAscend provides quality products, brands, and services to the global cannabinoid market. As the first North American Operator (NAO), with scale operations in both Canada and the US, the Company participates in the medical and legal adult use market across Canada and in several US states where cannabis has been legalized for therapeutic or adult use. Additionally, TerrAscend will soon be the first and only cannabis company with sales in the US, Canada, and Europe as it has received EU GMP certification for its manufacturing facility in Mississauga, Ontario. TerrAscend operates a number of synergistic businesses, including Arise Bioscience Inc., a manufacturer and distributor of hemp-derived products; Ascendant Laboratories Inc., a biotechnology and licensing company committed to the continuous improvement of cannabinoid expressing plants; and Solace RX Inc., a proposed Drug Preparation Premises (DPP) focused on the development of novel formulations and delivery forms.

Caution Regarding Cannabis Operations in the United States

Investors should note that there are significant legal restrictions and regulations that govern the cannabis industry in the United States. Cannabis remains a Schedule I drug under the US Controlled Substances Act, making it illegal under federal law in the United States to cultivate, distribute or possess cannabis in the United States. Furthermore, financial transactions involving proceeds generated by, or intended to promote, cannabis-related business activities in the United States may form the basis for prosecution under applicable US federal money laundering legislation.

While the approach to enforcement of such laws by the federal government in the United States has trended toward non-enforcement against individuals and businesses that comply with medical or adult-use cannabis programs in states where such programs are legal, strict compliance with state laws with respect to cannabis will neither absolve TerrAscend of liability under US federal law, nor will it provide a defense to any federal proceeding which may be brought against TerrAscend. Enforcement of federal laws in the United States will be a significant risk to the business of TerrAscend and any proceedings brought against

TerrAscend thereunder may adversely affect TerrAscend's operations and financial performance.
