TerrAscend Completes Acquisition of Maryland Based Grower Processor

Expands core Northeast footprint to include Maryland

Cultivation and processing capacity in Maryland to be significantly expanded by late 2021

NEW YORK and TORONTO, May 4, 2021 /CNW/ -[TerrAscend Corp.](#) ("TerrAscend" or the "Company") (CSE: TER) (OTCQX: TRSSF), a leading North American cannabis operator, today announced the completion of its previously announced acquisition of HMS Health, LLC and HMS Processing, LLC, (collectively "HMS") from Curaleaf Holdings, Inc ("Curaleaf") (CSE: CURA, OTCQX: CURLF) for a total consideration of \$27.5 million, comprised of \$25.0 million in cash prior to net adjustments and a \$2.5 million note which bears 5.0% annual interest, due October 2022. The acquisition is expected to be immediately accretive to TerrAscend on an EBITDA basis.

Currently, HMS produces and sells dried flower and oil products for the wholesale medical cannabis market from an existing 22,000 square foot cultivation and processing facility. TerrAscend intends to introduce its portfolio of brands including Kind Tree, Ilera, and Prism, along with a suite of edibles products, upon regulatory approval. During the second half of 2021, The Company plans to significantly expand its capacity to cultivate high-quality indoor flower in the state.

"We are thrilled to officially enter Maryland, a limited license medical cannabis market with strong long-term growth potential that is adjacent to our core Northeast markets of Pennsylvania and New Jersey," said Jason Wild, Executive Chairman of TerrAscend. "Our strong East Coast management team and corporate support functions are already in place and we expect to generate synergies by standardizing processes and introducing our portfolio of high-quality branded flower and manufactured products. We plan to scale our cultivation and processing capability to supply the underserved Maryland market while continuing to strategically evaluate opportunities to vertically integrate in the state."

Forward Looking Information

This news release contains "forward-looking information" within the meaning of applicable securities laws. Forward-looking information contained in this press release may be identified by the use of words such as, "may", "would", "could", "will", "likely", "expect", "anticipate", "believe", "intend", "plan", "forecast", "project", "estimate", "outlook" and other similar expressions, and include statements with respect to future revenue and profits. Forward-looking information is not a guarantee of future performance and is based upon a number of estimates and assumptions of management in light of management's experience and perception of trends, current conditions and expected developments, as well as other factors relevant in the circumstances, including assumptions in respect of current and future market conditions, the current and future regulatory environment; and the availability of licenses, approvals and permits.

Although the Company believes that the expectations and assumptions on which such forward-looking information is based are reasonable, undue reliance should not be placed on the forward-looking information because the Company can give no assurance that they will prove to be correct. Actual results and developments may differ materially from those contemplated by these statements. Forward-looking information is subject to a variety of risks and uncertainties that could cause actual events or results to differ materially from those projected in the forward-looking information. Such risks and uncertainties include, but are not limited to, current and future market conditions; risks related to federal, state, provincial, territorial, local and foreign government laws, rules and regulations, including federal and state laws in the United States relating to cannabis operations in the United States; and the risk factors set out in the Company's most recently filed MD&A, filed with the Canadian securities regulators and available under the Company's profile on SEDAR at www.sedar.com.

The statements in this press release are made as of the date of this release. The Company disclaims any intent or obligation to update any forward-looking information, whether as a result of new information, future events or results or otherwise, other than as required by applicable securities laws.

Caution Regarding Cannabis Operations in the United States

Investors should note that there are significant legal restrictions and regulations that govern the cannabis industry in the United States. Cannabis remains a Schedule I drug under the U.S. Controlled Substances Act, making it illegal under federal law in the United States to, among other things, cultivate, distribute or possess cannabis in the United States. Financial transactions involving proceeds generated by, or intended to promote, cannabis-related business activities in the United States may form the basis for prosecution under applicable U.S. federal money laundering legislation.

While the approach to enforcement of such laws by the federal government in the United States has trended toward non-enforcement against individuals and businesses that comply with medical or adult-use cannabis programs in states where such programs are legal, strict compliance with state laws with respect to cannabis will neither absolve TerrAscend of

liability under U.S. federal law, nor will it provide a defense to any federal proceeding which may be brought against TerrAscend. The enforcement of federal laws in the United States is a significant risk to the business of TerrAscend and any proceedings brought against TerrAscend thereunder may adversely affect TerrAscend's operations and financial performance.
