NEW YORK, DETROIT and TORONTO, Sept. 1, 2021 /CNW/ - TerrAscend Corp. ("TerrAscend" or the "Company") (CSE: TER) (OTCQX: TRSSF), a leading North American cannabis multi-state operator, and Gage Growth Corp. ("Gage") (CSE: GAGE), a leading high-quality premium cannabis brand and operator, today announced that they have entered into a definitive arrangement agreement (the "Arrangement Agreement") pursuant to which TerrAscend will acquire all of the issued and outstanding subordinate voting shares (the "Gage Shares") of Gage by way of a court-approved plan of arrangement under the *Canada Business Corporations Act* (the "Transaction"). All references to dollar values refer to US dollars unless otherwise noted.

Under the terms of the Arrangement Agreement, shareholders of Gage (the "Gage Shareholders") will receive 0.3001 of a common share of TerrAscend for each Gage Share (or equivalent) held (the "Exchange Ratio"), representing a total consideration of approximately \$545 million¹ based on the closing price of TerrAscend on August 31, 2021. The Exchange Ratio implies a consideration of \$2.11 (or C\$2.66) per Gage Share, representing a 18% premium based on the closing prices of both companies' shares on the Canadian Securities Exchange (the "CSE") on August 31, 2021.

Upon completion of the Transaction, the combined business will have operations in 5 states and Canada, including 7 cultivation and processing facilities and 23 operating dispensaries serving both medical and adult-use cannabis markets in the U.S. and Canada.

Management Commentary

"The acquisition of Gage expands our footprint to the third largest cannabis market in the U.S.," said Jason Wild, Executive Chairman of TerrAscend. "Combining our market-leading share in our existing states with Gage's proven cultivation, retail, and marketing capabilities, creates one of the largest and most dynamic companies in the industry. We look forward to leveraging Gage's profound connection with Michigan's consumers, in addition to its established partnerships with award-winning brands like COOKIES, to provide our patients and customers with best-in-class product offerings and retail experiences."

"Our shared strategic and corporate values make this combination a strong fit," said Fabian Monaco, CEO of Gage. "We also recognize the incredible success that TerrAscend has enjoyed in recent years. We could think of no better company to partner with as we execute on our shared strategy of deep vertical integration and scale in our core markets, with a vision of creating the most consumer-centric cannabis company in the world."

Key Transaction Highlights and Benefits

If consummated, the Transaction is anticipated to result in the following benefits:

- **Leadership in a Top 3 Market** Gage has established itself as a leader in the Michigan market, which is the third largest cannabis market in the U.S.² with reported cannabis sales of \$171 million in the month of July 2021, representing an annualized market size of approximately \$2.1 billion².

The Transaction Details

The Transaction will be effected by way of a court-approved plan of arrangement pursuant to the *Canada Business Corporations Act*. Under the terms of the Arrangement Agreement, TerrAscend will acquire all of the issued and outstanding Gage Shares, with each Gage Shareholder receiving 0.3001 of a common share in the capital of TerrAscend for each Gage Share, implying a price per Gage Share of \$2.11 (or C\$2.66) which represents an 18% premium based on the closing prices of both companies shares on August 31, 2021. After giving effect to the Transaction, Gage Shareholders will hold approximately 19.8% of the issued and outstanding pro forma TerrAscend Shares (on a fully-diluted as-converted basis). In connection with the Transaction, all outstanding options and warrants of Gage will be exchanged for replacement options and warrants of TerrAscend, exercisable to acquire that number of common shares of TerrAscend as is equal to the Exchange Ratio multiplied by the number of Gage Shares that the holders of the options or the warrants would have acquired if such holders had exercised such options or warrants immediately prior to the effective time of the Transaction.

In connection with and as an integral part of the Transaction, TerrAscend, through a wholly-owned and controlled subsidiary (the "TerrAscend Subsidiary"), has entered into a membership interest purchase agreement with the owners of the licenses that Gage supports in the State of Michigan (the "Licensed Operators") to acquire, subject to regulatory approvals, all of the issued and outstanding membership interests of each of the Licensed Operators and/or all of the licenses owned by such Licensed Operators (the "License Assets").

As part of the Transaction, exchangeable shares (each of which is exchangeable into Gage Shares) indirectly owned by Rami Reda, an insider of Gage, will be transferred (along with all super voting shares of Gage attached to such exchangeable shares) to TerrAscend in exchange for TerrAscend Shares on the basis of the Exchange Ratio.

Certain exchangeable units (each of which is exchangeable into Gage Shares) held by Mike Hermiz, a director and officer of Gage, will remain in place following the closing of the Transaction. In this regard, Mr. Hermiz, Gage, TerrAscend and certain subsidiaries of Gage will, concurrently with the closing of the Transaction, enter into a support agreement that will, among other things, govern the terms and conditions under which Mr. Hermiz will be entitled to exchange his exchangeable units into TerrAscend Shares on the basis of the Exchange Ratio. In addition, all super voting shares of Gage held by Mr. Hermiz will be transferred to TerrAscend in connection with the closing Transaction for no consideration.

Additional details of the Transaction will be described in the management information circulars that will be mailed to Gage Shareholders (the "Gage Circular") and TerrAscend

shareholders (the "TerrAscend Circular"), respectively, in connection with a special meeting of Gage Shareholders (the "Gage Meeting") and a special meeting of TerrAscend Shareholders (the "TerrAscend Meeting") expected to be held in the fourth quarter to approve the Transaction. Additional information regarding the terms of the Arrangement Agreement, the background to the Transaction, the rationale for the recommendations made by the Special Committees (as defined below) and how shareholders can participate in and vote at the Gage Meeting or TerrAscend Meeting will be provided in the Gage Circular or TerrAscend Circular, as applicable.

The Transaction is subject to the approval of (i) at least two-thirds of the votes cast by Gage Shareholders at the Gage Meeting; (ii) a majority of the votes cast by Gage Shareholders at the Gage Meeting (excluding the votes cast by persons whose votes may not be included in determining minority approval of a "business combination" pursuant to Multilateral Instrument 61-101 - *Protection of Minority Security Holders in Special Transactions* ("MI 61-101")); and (iii) a majority of the votes cast by disinterested shareholders of TerrAscend ("TerrAscend Shareholders") at the TerrAscend Meeting (excluding the votes cast by persons whose votes may not be included in determining minority approval of a "related party transaction" pursuant to MI 61-101).

All of Gage's directors and officers, and shareholders holding more than 58.50% of the total voting power of the issued and outstanding Gage Shares have entered into voting support and lock-up agreements with TerrAscend to vote in favor of the Transaction. This represents approximately 29.1% of the voting power of the issued and outstanding Gage Shares entitled to vote for purposes of the disinterested shareholder vote required pursuant to MI 61-101 (after excluding the votes attached to Gage Shares held by certain "interested parties", all in accordance with MI 61-101). In addition, all directors and officers of TerrAscend have entered into voting support agreements to vote in favour of the Transaction at the TerrAscend Meeting, to the extent such individuals are permitted to do so under applicable securities laws.

In addition to the aforementioned approvals, completion of the Transaction is subject to receipt of all applicable regulatory approvals for the TerrAscend Subsidiary to obtain ownership of the License Assets representing at least 70% of Gage's consolidated revenues and other customary conditions, including the receipt of all necessary court, regulatory and stock exchange approvals. Subject to the receipt of all required approvals, closing of the Transaction is expected to occur in the first half of 2022.

The Arrangement Agreement contains customary terms and conditions, including non-solicitation provisions which are subject to Gage's right to consider and accept a superior proposal subject to a matching right in favour of TerrAscend. The Arrangement Agreement also provides for the payment of a termination fee of \$30 million by TerrAscend or Gage, as applicable, if the Transaction is not completed under certain limited circumstances.

A copy of the Arrangement Agreement will be available through Gage's and TerrAscend's filings with the securities regulatory authorities in Canada in SEDAR at www.sedar.com.

None of the securities to be issued pursuant to the Arrangement Agreement have been or will be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act"), or any state securities laws, and any securities issued in the Transaction are anticipated to be issued in reliance upon available exemptions from such registration

requirements pursuant to Section 3(a)(10) of the U.S. Securities Act and applicable exemptions under state securities laws. This news release does not constitute an offer to sell or the solicitation of an offer to buy any securities.

If the Transaction is completed, the Gage Shares will be delisted from the CSE.

Multilateral Instrument 61-101

The Transaction constitutes a "business combination" under MI 61-101 for Gage and a "related party transaction" under MI 61-101 for TerrAscend as Jason Wild, is a "control person" of both Gage and TerrAscend. TerrAscend and Gage are each relying on the formal valuation exemption under MI 61-101, on the basis that no securities of Gage or TerrAscend are listed on the Toronto Stock Exchange or other specified markets. As required by MI 61-101, each of Gage and TerrAscend will seek the requisite majority of the minority approvals of the Transaction from the Gage Shareholders and the TerrAscend Shareholders at the Gage Meeting and the TerrAscend Meeting, excluding the votes of shareholders whose votes are required to be excluded for the purposes of "minority approval" under MI 61-101 in the context of a "business combination" and a "related party transaction", respectively.

Upon closing of the Transaction, JW Asset Management, LLC, an entity controlled by Jason Wild, currently the holder of approximately 39% of TerrAscend Shares will hold approximately 32% of TerrAscend Shares on a partially diluted basis.

In addition, JW Asset Management, LLC and its joint actors hold or exercise direction or control over approximately 16.34% of the Gage Shares (on an as exchanged basis) and warrants to acquire an additional 23,757,145 Gage Shares. As a result of the foregoing, Jason Wild and his joint actors will be excluded from the disinterested shareholder vote conducted at both the TerrAscend Meeting and the Gage Meeting in accordance with MI 61-101.

In addition, the preservation of the ability of Mr. Hermiz to continue to hold his exchangeable units following the closing the Transaction constitutes a "collateral benefit" to him for purposes of M 61-101. Accordingly, Mr. Hermiz will be classified as an interested party for purposes of the Gage disinterested shareholder vote pursuant to MI 61-101. Mr. Hermiz holds 8,500,000 subordinate voting shares and 900,000 super voting shares (each super voting share entitles the holder to 50 votes) of Gage (representing approximately 25% of the voting power of the issued and outstanding Gage Shares).

Cautionary Note Regarding Cannabis Operations in the United States

Investors should note that there are significant legal restrictions and regulations that govern the cannabis industry in the United States. Cannabis remains a Schedule I drug under the US Controlled Substances Act, making it illegal under federal law in the United States to, among other things, cultivate, distribute or possess cannabis in the United States. Financial transactions involving proceeds generated by, or intended to promote, cannabis-related business activities in the United States may form the basis for prosecution under applicable US federal money laundering legislation.

While the approach to enforcement of such laws by the federal government in the United States has trended toward non-enforcement against individuals and businesses that comply with medical or adult-use cannabis programs in states where such programs are legal, strict compliance with state laws with respect to cannabis will neither absolve TerrAscend or Gage of liability under U.S. federal law, nor will it provide a defense to any federal proceeding which may be brought against TerrAscend or Gage. The enforcement of federal laws in the United States is a significant risk to the respective business of TerrAscend and Gage and any proceedings brought against TerrAscend or Gage thereunder may adversely affect their respective operations and financial performance.
