TerrAscend Announces \$10 Million Share Repurchase Program

TORONTO, Aug. 20, 2024 (GLOBE NEWSWIRE) -- **TerrAscend Corp. ("TerrAscend" or the "Company") (TSX: TSND) (OTCQX: TSNDF)**, a leading North American cannabis company, today announced that its Board of Directors has authorized the Company to commence a normal course issuer bid ("NCIB") to repurchase up to USD \$10 million of the Company's common shares ("Shares"), from time to time over a 12-month period.

Jason Wild, Executive Chairman of TerrAscend, stated, "Our first ever stock buyback program demonstrates our confidence in TerrAscend's future and commitment to enhancing shareholder value. As famed investor Benjamin Graham famously stated, 'in the short run, the market is a voting machine, but in the long run, it's a weighing machine'. We are confident in the strength of our business, growth prospects, operational excellence, and strong cash flow. We believe our equity has compelling value and will be opportunistic with our share repurchases."

There were 291 million Shares outstanding as of August 16, 2024. While the timeframe to purchase Shares starts on August 22, 2024, and ends no later than August 21, 2025, the Company is not obligated to purchase any Shares. If management determines it has a better use for its cash reserves, it is under no obligation to continue to purchase Shares and share purchases may be suspended or terminated at any time at TerrAscend's discretion. The Company does not expect to incur debt to fund the share repurchase program.

The Company is authorized to repurchase up to 10,000,000 of the Company's Shares, which represents 5% of the public float based on 291,513,055 total Shares outstanding as of August 16, 2024. Shares may be purchased on the Toronto Stock Exchange, the OTCQX Best Market, or alternative trading systems and will be subject to the limitations and rules imposed by U.S. and Canadian securities regulations. The actual number of Shares purchased, timing of purchases and share price will depend upon market conditions at the time and securities law requirements. All Shares acquired will be returned to treasury and cancelled.

Caution Regarding Cannabis Operations in the United States

Investors should note that there are significant legal restrictions and regulations that govern the cannabis industry in the United States. Cannabis remains a Schedule I drug under the US Controlled Substances Act, making it illegal under federal law in the United States to, among other things, cultivate, distribute, or possess cannabis in the United States. Financial transactions involving proceeds generated by, or intended to promote, cannabis-related business activities in the United States may form the basis for prosecution under applicable US federal money laundering legislation.

While the approach to enforcement of such laws by the federal government in the United States has trended toward non-enforcement against individuals and businesses that comply with medical or adult-use cannabis programs in states where such programs are legal, strict compliance with state laws with respect to cannabis will neither absolve TerrAscend of liability under U.S. federal law, nor will it provide a defense to any federal proceeding which may be brought against TerrAscend. The enforcement of federal laws in the United States is a significant risk to the business of TerrAscend and any proceedings brought against TerrAscend thereunder may adversely affect TerrAscend's operations and financial performance.
