Ranchland Capital Partners Selects SEI to Support Alternative Funds

Strategic Relationship Reinforces SEI's Position as Long-Term Partner for Alternative Investment Managers

OAKS, Pa., March 25, 2026 /PRNewswire/ -- SEI® (NASDAQ:SEIC) today announced that Ranchland Capital Partners, LLC (together with its affiliates "Ranchland"), a real asset investment manager focused on large ranchland investment opportunities, has selected SEI to provide fund administration and investor services for its alternative fund offerings. SEI will support Ranchland's next phase of accelerated growth by enabling the firm to outsource critical operational capabilities while leveraging its operating platform for long-term scale.

Alternative investment managers face increasing operational complexity and growing expectations from investors for institutional-grade infrastructure and enhanced transparency in reporting. SEI's operating platform and advanced technology solutions will allow Ranchland to focus on investment execution and growth.

Commenting on the partnership, Sean Lawlor, Head of SEI's Traditional Investment Managers business, said:

"We are pleased that Ranchland has selected SEI to support the continued growth of its business. As investment strategies become more specialized and operationally complex, there is an increasing need for scalable, integrated platforms to support growth without sacrificing control or data transparency.

"SEI supports these needs through comprehensive fund administration and investor servicing, modern technology, and streamlined operating workflows that simplify complexity and efficiently modernize the back office. By leveraging our solutions for its alternative funds, Ranchland can maintain focus on managing its investment approach and strengthening client relationships while benefiting from strong controls, consistent data, and a service model built to scale over time."

Ed Bardowski, Managing Partner and Head of Capital Markets at Ranchland Capital Partners, added:

"SEI's global scale, technology, and expertise across asset management, fund administration, and private markets provide a unique competitive edge for Ranchland Capital

Partners.

"With more than 40 years of experience in the investments space combined with an industry-leading senior management team, SEI was the right choice to help expand fund distribution, enhance the investor experience, and support our growth. By leveraging their outsourced platform, our team can dedicate more resources to managing our vertical structure within this emerging and diverse alternatives landscape. We're delighted to work with SEI as institutional and retail investors further embrace the Ranchland asset class globally."
