# TTM Technologies Earns Recognition as a John Deere “Partner-level Supplier”

COSTA MESA, Calif., Jan. 19, 2017 (GLOBE NEWSWIRE) -- TTM Technologies, Inc. (“TTM”) (NASDAQ:TTMI) has earned recognition as a Partner-level supplier for 2016 in the Achieving Excellence Program. The Partner-level status is Deere & Company’s highest supplier rating. The Costa Mesa-based company was selected for the honor in recognition of its dedication to providing products and service of outstanding quality as well as its commitment to continuous improvement. Company employees accepted the recognition during formal ceremonies held on January 11<sup>th</sup> in Bettendorf, Iowa. “We are honored by this recognition and appreciate the dedication and hard work of our teams in supporting John Deere,” said Jon Pereira, TTM’s President of Automotive & Medical, Industrial & Instrument Business Unit. “We appreciate our relationship with Deere and Company and are committed to continuing to provide outstanding service and quality products in support of their business.”

TTM Technologies is a supplier of printed circuit boards (PCBs) to John Deere’s operation in Fargo, North Dakota.

Suppliers who participate in the Achieving Excellence program are evaluated annually in several key performance categories, including quality, cost management, delivery, technical support and wavelength, which is a measure of responsiveness. John Deere Supply Management created the program in 1991 to provide a supplier evaluation and feedback process that promotes continuous improvement.

## About TTM

TTM Technologies, Inc. is a leading global printed circuit board (“PCB”) manufacturer, focusing on quick-turn and volume production of technologically advanced PCBs, backplane assemblies and electro-mechanical solutions. TTM stands for time-to-market, representing how TTM's time-critical, one-stop manufacturing services enable customers to shorten the time required to develop new products and bring them to market.
