About Aqua Metals

Aqua Metals, Inc. (NASDAQ: AQMS) is reinventing metals recycling with its patented hydrometallurgical AquaRefining™ technology and is providing sustainable metal recycling for materials strategic to energy storage applications. Unlike smelting, AquaRefining is a room temperature, water-based process that emits less pollution. Aqua Metals is applying its commercialized clean, water-based recycling technology principles to develop the cleanest and most cost-efficient recycling solution for lithium-ion batteries starting with its Li pilot plant. The Company is scaling production of Li recycling and is exploring JV and licensing opportunities for all AquaRefining technologies. Aqua Metals is based in Reno, Nevada.
