XSport Global Successfully Begins Trading on The OTCQB Venture Market

Charlotte, NC, Sept. 18, 2018 (GLOBE NEWSWIRE) -- via NEWMEDIAWIRE -- [XSport Global, Inc. \(OTCQB: XSPT\)](#) ("XSport Global" or the "Company"), a leading youth and collegiate sports technology and media holding company focused on developing disruptive sports-centric technologies and related media projects around the world, today announced the Company has fulfilled all OTCQB Venture Market requirements and investors are able to purchase shares of the Company's stock.

"Trading on a larger market represents a significant accomplishment and an important corporate milestone for XSport Global," stated Robert Finigan, Chief Executive Officer. "We thank our current investors and shareholders, and are confident that the move will provide us access to an even larger investor audience, greater access to capital and provide increased visibility in the marketplace. Because the OTCQB dramatically increases transparency, reporting standards, management certification and compliance requirements, the majority of broker-dealers trade stocks on the OTCQB."

XSport Global, Inc., formerly TeleHealthcare, Inc., merged with North Carolina-based HeadTrainer, Inc. As a result, the Company changed its corporate name to XSPORT GLOBAL, INC. and was issued the stock ticker symbol XSPT.

"Our name is tied to our focus—which is solely on building a competitive portfolio of disruptive products and services that provide youth athletes with an extra performance and competitive edge, or as we call it, the 'X-Factor,'" Mr. Finigan explained. He added, "During the re-branding process, we were looking for the perfect identity for our new Company, and we believe our name perfectly reflects our vision. We are relentlessly pursuing technology projects that are in lock step with our corporate mission—these include cognitive training applications, DNA and Genetic testing, personalized supplementation regimens, recruiting and scouting, team communications, digital marketing, and much more. Combined with our growing roster of professional athletes and sports teams, we hope to give our customers the unique ability to compete at a higher level than the rest of the competition. Our youth sports model works, and we are ready to take our platform to the next level on a global scale."

"We congratulate XSport Global on upgrading to the OTCQB Venture Market," said Jason Paltrowitz, Executive Vice President of Corporate Services at OTC Markets Group. "We look forward to supporting XSport Global and its shareholders."

About XSport Global, Inc.

[XSport Global, Inc.](http://www.xsportglobal.com) (OTCQB:XSPT) is a leading youth and collegiate sports technology and media holding company focused on developing disruptive sports-centric technologies and related media projects around the world, where sports industries and players are highly regarded. Backed by a roster of professional athletes and brand ambassadors, we seek to help athletes achieve their full potential through cognitive training, careers, genetics, recruiting and more. Our flagship company HeadTrainer, Inc was established to create, develop, promote, market, produce, and distribute online/mobile application cognitive training tools initially intended for the youth, millennial, and adult sports markets. The mobile platform was designed and developed in careful coordination with a team of professionals from the fields of science and medicine, and world-class athletes from a variety of sports. Visit www.xsportglobal.com and www.headtrainer.com for more information.
