### Non-GAAP Financial Measure

Earnings before interest, taxes and depreciation and amortization and Adjusted earnings before interest, taxes and depreciation and amortization.

In addition to our results determined in accordance with U.S. generally accepted accounting principles (GAAP), we believe Adjusted EBITDA, a non-GAAP measure, is useful in evaluating our operating performance. We use Adjusted EBITDA to evaluate our ongoing operations and for internal planning and forecasting purposes. We believe that Adjusted EBITDA may be helpful to investors because it provides consistency and comparability with

past financial performance. However, Adjusted EBITDA is presented for supplemental informational purposes only, has limitations as an analytical tool, and should not be considered in isolation or as a substitute for financial information presented in accordance with GAAP. In addition, other companies, including companies in our industry, may calculate similarly titled non-GAAP measures, including Adjusted EBITDA, differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of our non-GAAP financial measures as tools for comparison.

A reconciliation of Adjusted EBITDA to net income can be found below in the table captioned "Reconciliation of Net Income to Adjusted EBITDA." Investors are encouraged to review the related GAAP financial measures and the reconciliation of Adjusted EBITDA to its most directly comparable GAAP financial measure, and not to rely on any single financial measure to evaluate our business. We calculate Adjusted EBITDA as net income, adjusted to exclude provision for or benefit from income taxes, depreciation and amortization, interest income and expense, stock-based compensation expense, impairment, investment income, fair value gain or loss on derivatives, non-recurring legal reserves and related costs, and other loss, net.

The Company believes that Adjusted EBITDA provides useful information to investors and others in understanding and evaluating our operating results in the same manner as our management and Board of Directors. Management's determination of the components of Adjusted EBITDA are evaluated periodically and based, in part, on a review of non-GAAP financial measures used by industry analysts. Net income attributable to Exodus stockholders is reconciled to EBITDA and Adjusted EBITDA as follows:

		2Q22		1H22
In USD millions	2Q23 (Restated)		1H23 (Restated)	
Net income (loss)	\$1.9	\$(14.9)	\$2.7	\$(18.3)
Interest income	(0.5)	(0.2)	(0.9)	(0.3)
Income tax expense (benefit)	0.2	(3.4)	0.9	(5.0)
Depreciation and amortization	1.2	0.5	2.2	0.9
EBITDA	\$2.8	\$(18.0)	\$4.9	\$(22.7)

#### **Forward-Looking Statements**

This press release contains forward-looking statements that are based on our beliefs and assumptions and on information currently available to us as of the date hereof. In some cases, you can identify forward-looking statements by the following words: "will," "expect," "would," "intend," "believe," or other comparable terminology. Forward-looking statements in this document include, but are not limited to, quotations from management regarding confidence in our products, services, business trajectory and plans, and certain business metrics. These statements involve risks, uncertainties, assumptions and other factors that are difficult to predict and may cause actual results or performance to be materially and adversely different.

Factors that might cause such a difference include, but are not limited to: expectations

regarding future customer adoption of Exodus for dApps, DeFi and NFTs compared to its competitors; the ongoing conflict in Ukraine, the impact of sanctions or other restrictive actions, by the United States and other countries, and the potential response by Russia thereto; difficulties predicting user behavior and changes in user spending habits as a result of, among other things, prevailing economic conditions, levels of employment, salaries and wages, inflation and consumer confidence, particularly in light of the pandemic and as pandemic-related restrictions are eased regionally and globally; unexpected or rapid changes in the growth or decline of our domestic and/or international markets; increasing competition from existing and new competitors; rapidly evolving and groundbreaking advances that fundamentally alter the digital asset and cryptocurrency industry; continued compliance with regulatory requirements; volatility in the price of cryptocurrencies, such as Bitcoin, and other digital assets; the possibility that the development and release of new products or enhancements to existing products do not proceed in accordance with the anticipated timeline or may themselves contain bugs or errors requiring remediation and that the market for the sale of these new or enhanced products may not develop as expected; the risks relating to our ability to sustain or increase profitability or revenue growth in future periods (or minimize declines) while controlling expenses; the compromise of user data for any reason; foreign operational, political and other risks relating to our operations; unexpected delays encountered during the audit process; and the loss of key personnel, labor shortages or work stoppages.

More information on the factors, risks and uncertainties that could cause or contribute to such differences is included in our filings with the Securities and Exchange Commission, including in the "Risk Factors" and "Management's Discussion & Analysis" sections of 2022 Form 1-K. We cannot assure you that the forward-looking statements will prove to be accurate. These forward-looking statements speak only as of the date hereof. We disclaim any obligation to update these forward-looking statements.
