FORWARD-LOOKING STATEMENTS

This Operating and Financial Data should be read in connection with our Annual Report on Form 10-K for the year ended December 31, 2022.

Statements made in this presentation may be forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements are intended to be covered by the safe harbor provisions for forward-looking statements contained in Section 21E of such act. Such forward-looking statements relate to, without limitation, our future economic performance, plans and objectives for future operations and projections of revenue and other financial items. Forward-looking statements can be identified by the use of words such as “may,” “will,” “plan,” “potential,” “projected,” “should,” “expect,” “anticipate,” “estimate,” “target,” “continue” or comparable terminology. Forward-looking statements are inherently subject to certain risks, trends and uncertainties, many of which we cannot predict with accuracy and some of which we might not even anticipate. Although we believe that the expectations reflected in such forward-looking statements are based upon reasonable assumptions at the time made, we can give no assurance that such expectations will be achieved. Future events and actual results, financial and otherwise, may differ materially from the results discussed in the forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements and are advised to consider the factors listed above together with the additional factors under the heading “Disclosure Regarding Forward-Looking Statements” and “Risk Factors” in our annual reports on Form 10-K, as may be supplemented or amended by our quarterly reports on Form 10-Q, which are incorporated herein by reference. We assume no obligation to update or supplement forward-looking statements that become untrue because of subsequent events, new information or otherwise.

WHAT PEOPLE SAY ABOUT US

Average Property Google Review

“

Have lived here for 2+ years and just signed another lease – that is how great this place is!! The amenities are so well kept, concierge is super friendly, and everyone in the leasing office is always so helpful. Would recommend Soho Lofts to everyone and anyone!

– Soho Lofts, Google Review

“

I've been living here for the past year and it's easily one of the best residences I've stayed at. Over the past 11 years of moving between 4 countries and 8 cities, RH9 is the first place in my life that I've decided to renew my lease for the second year :)

ESG as Amenities

AHEAD OF THE CURVE

Today's apartment resident is more sustainably-conscious than ever—especially in our core markets. They don't want eco-friendly amenities and living spaces, they expect it. At Veris Residential, our vow to reducing our environmental impact pushes us ahead of our competitors.

EV Charging Stations

We became the first U.S. based real estate company to join EV100, committing to 100% of our properties having EV charging stations by 2030. These appeal to the eco-conscious prospect and encourage residents to choose electric over gas, while saving transportation costs and helping the environment.

ENERGY STAR® Appliances

All appliances are ENERGY STAR® products—they are the same or better than standard products, but use less energy.

Walk Scores

With a focus on urban markets, many of our communities receive a Walk Score of 90+, meaning daily errands don't require a car and public transportation is easily accessible.

Green Roofs

We incorporate green roofs wherever possible, as they provide a rainwater buffer, purify the air, reduce ambient temperature, regulate indoor temperature, save energy and encourage biodiversity in the city.

Ecobee Smart Thermostats

Residents save up to 26% on annual heating and cooling costs through occupancy sensing technology, so they never heat or cool an empty apartment.

Composting Areas

Composting areas will reduce trash and utilize compost for community garden beds.

RiverHouse 11, Port Imperial, Weehawken, New Jersey

Source® Hydropanels

Installed at Quarry Place and being implemented at Haus25, Source® Hydropanels provide the world's first renewable water supply by using the power of the sun to extract clean drinking water from the air.

Bees

We've partnered with Alveole to bring beehives to one of our buildings and have plans to add more. The bees provide honey for our residents and bring pollinators back to urban areas.

ESG Opportunities

LED LIGHTING

We transitioned common area and garage lighting to motion-sensor LED at 5 properties. Rebate opportunities covered 83% of our expenses, reducing payback period to only a few months.

Energy Reductions as of November 2022:

Kwh Reduced: 362,654

Kg CO2: 80,620

Cost Savings: \$69,000

DEMAND RESPONSE

DEFINITION OF NET OPERATING INCOME (NOI):

NOI represents total revenues less total operating expenses, as reconciled to net income above. The Company considers NOI to be a meaningful non-GAAP financial measure for making decisions and assessing unlevered performance of its property types and markets as it relates to total return on assets, as opposed to levered return on equity. As properties are considered for sale and acquisition based on NOI estimates and projections, the Company utilizes this measure to make investment decisions, as well as compare the performance of its assets to those of its peers. NOI should not be considered a substitute for net income, and the Company's use of NOI may not be comparable to similarly titled measures used by other companies. The Company calculates NOI before any allocations to noncontrolling interests, as those interests do not affect the overall performance of the individual assets being measured and assessed.

Definitions

Net Blended Rental Growth Rate combines new lease and renewal lease growth rates. New lease growth rate refers to the difference in rent a new occupant of a unit is paying compared to the rent the unit's previous occupant was paying on a net effective basis. Renewal lease growth rate refers to the increase or decrease in monthly rent in a renewed lease compared to the previous lease on a net effective basis.

Average Effective Monthly Rent Per Home represents the average effective rent (net of concessions) for in-place leases and the market rent for vacant homes.

ORA™ score is an aggregate compilation of a property's ratings across various review sites. Each month, J Turner Research monitors the online ratings of more than 120,000 properties nationwide. Using a statistical model, a single score based on a scale of 0 to 100 is assigned to each property.

Elite 1% ORA® Properties for 2021 is an annual ranking of the 128,000 properties assessed by ORA® nationally. The top 1% make it to the list, typically requiring a property score above 95.

Same Store includes properties that were owned for the entirety of the years being compared and exclude properties under redevelopment or development and properties acquired, sold or classified as held for sale during the years being compared.
