As further disclosed in our 10-Q, due to events transpiring in the 1st quarter of 2019, the Company was uncertain of G FarmaLabs Limited ("G Farma")'s ability to perform under its commitments to the Company. On April 24, 2019, the Company learned that because G Farma did not follow its obligations under the Master Equipment Lease and failed to operate in compliance with local and state cannabis laws, certain G Farma assets at G Farma's corporate location, including approximately \$427,804 of Mentor Partner I, LLC ("Partner I")'s equipment under lease to G Farma, was impounded by the City of Corona. This event significantly impacted G Farma's financial position and its ability to make payments under the finance lease receivable, and G Farma has not made scheduled payments on the finance lease receivable or the notes receivable since February 19, 2019. Additionally, G Farma continues to hold approximately \$858,799 worth of Partner I's remaining equipment in breach of the Master Equipment Lease which required the immediate return of Partner I's equipment in the event of default. G Farma also has failed to tender the 288,890 common shares of the Company that G Farma had agreed to resell to the Company on April 18, 2019, in exchange for a payment credit from the Company.

On May 28, 2019, Mentor Capital, Inc. and the Company's wholly-owned subsidiary, Mentor Partner I, LLC, filed a complaint against G FarmaLabs Limited, G FarmaLabs DHS, LLC, Finka Distribution, Inc., G FarmaLabs WA, LLC, and Goya Ventures, LLC, and three guarantors, GFBrands, Inc., fka G FarmaBrands, Inc., Ata Gonzalez, and Nicole Gonzalez, to the G Farma agreements in the Superior Court of California in the County of Marin. The Company is primarily seeking monetary damages for breach of the G Farma agreements including promissory notes, leases, and other agreements, as well as an action for an injunction to recover leased property, recover collateral under a security agreement, and collect from guarantors on the agreements, among other things. The Company plans to vigorously pursue the litigation.

Based on our estimate of recoverability, the Company has recorded a bad debt allowance at June 30, 2019 of \$752,148 on the finance lease receivable from G Farma. Bad debt expense for the three and six months ended June 30, 2019 relating to the G Farma finance lease receivable is \$60,427 and \$729,385, respectively, and is reflected in operating expenses in our condensed consolidated income statement. We have also fully impaired G Farma notes receivable by \$1,073,731, which includes \$1,045,051 plus accrued interest of \$28,680, fully impaired our \$600,002 contractual interest in the G Farma Calaveras legal recovery and have fully impaired our \$41,600 equity interest in G Farma. The total loss on investments related to G Farma for the three and six months ended June 30, 2019, was \$49,268 and \$1,639,558, respectively, which is reported in loss on investments in our condensed consolidated income statement for the quarter ended June 30, 2019.
