## **Washington Real Estate Investment Trust Commences Consent Solicitation for Unsecured Notes**

ROCKVILLE, Md.--(BUSINESS WIRE)--

Washington Real Estate Investment Trust (WRIT) (NYSE:WRE) announced today that it has commenced a consent solicitation (the "Consent Solicitation") to amend the terms of its outstanding unsecured notes (collectively, the "Notes").

The purpose of the Consent Solicitation is to amend the financial covenants in the indenture governing the Notes (the "Indenture") that restricts the Trust's ability to incur debt. The Trust believes these amendments will (i) enhance its financial flexibility, (ii) enable it to more efficiently access debt capital, (iii) align its debt covenants with debt covenants with those of many other investment grade REITs and (iv) enable it to more effectively engage in its general business activities.

Through the Consent Solicitation, the Trust is seeking to amend the Indenture's definition of "total assets," which is used in the financial covenants that restrict the Trust in incurring debt, in incurring secured debt and in granting security for debt. Each of these covenants specifies a maximum ratio of debt, or secured debt, to total assets, with total assets valued at their undepreciated cost, subject to certain exceptions. The Trust proposes to amend the definition to "total assets" such that the value of total assets is calculated as the sum of the EBITDA of stabilized properties capitalized at 7.5% and the undepreciated cost of other assets, subject to certain exceptions. In addition, the Trust proposes to amend the ratio of debt to total assets to increase it from 60% to 65% of total assets.

The consents are being solicited from holders of record of the Notes at 5:00 p.m., New York City time, on June 11, 2007. The Consent Solicitation will expire at 5:00 p.m., New York City time, on June 20, 2007, unless extended (such date, as it may be extended, the "Expiration Date").

If all conditions to the Consent Solicitation are satisfied, holders of Notes who validly deliver (and do not validly revoke) their consents pursuant to the Consent Solicitation by the Expiration Date will be paid the applicable consent fees, as set forth in the Consent Solicitation Statement, which are based on the maturity date of the applicable Notes.

The Trust will not be required to pay any consent fees unless certain conditions have been satisfied, including the receipt by the Trust of the consent of holders of at least a majority of the principal amount of the outstanding Notes and the execution and delivery of a supplemental indenture.
